**Your 2017  
Wellington at Saratoga  
HOA Board**

## *Introducing your new board . . .*

After volunteering to serve on our community's board, we had a transition meeting in early December with the outgoing board members. It was enlightening to learn about the long list of tasks the former board had been performing on behalf of our community. Many of us moved into this neighborhood because we wanted to spend less time maintaining yards, landscaping and pools and more time enjoying life. This started us thinking about how our 5-member board and future boards could continue to responsibly provide the services we all enjoy.

After several meetings and hours of discussion, we decided it would be beneficial for us to seek help with managing the day-to-day operations of the HOA. Once we unanimously arrived at that decision, we sought out the names of several companies that serve HOAs in the Hendricks County area. We interviewed, checked references and met with three companies that had been highly recommended to us.

On the basis of our research we have invited Larry Edwards and Susan Keene of Property Services Group to meet with our homeowners on Wednesday, March 8<sup>th</sup> at 6:30pm. They will explain how their team is structured to provide personalized service to the communities they serve. The owners of Property Services Group have been in the property management and maintenance business for over 30 years. Their experience and expertise can benefit our association now and help us be well-prepared for future needs. In addition, the management group lives in our town and manages nearby communities. There will be time during the meeting to ask any questions you may have. In the meantime, please check out the PSG website – [www.PSGCondos.com](http://www.PSGCondos.com)
