

Faith Marie Losee FOUNDATION

“giving a child a chance to make a difference in the world”

Proceeds from the Spring Lake Heritage Festival 5 - K benefit the Faith Marie Losee Foundation, a component of Grand Haven Area Community Foundation. Faith Marie Losee, infant daughter of Todd and Diane Losee, was born stillborn on Friday, October 13, 2006 at 31 weeks gestation. She died due to an umbilical cord accident. Since her death, Todd and Diane are determined that Faith Marie would still make a difference in the world.

The mission of Faith Marie's fund is to help provide infant medical equipment to neonatal departments at local hospitals. Through this equipment, it is hoped to save a child's life and give them a second chance at life, the second chance that Faith Marie did not receive.
