

**MD. Sanjay Juneja Bio:**

Sanjay Juneja, MD is a triple board certified hematologist & medical oncologist driven by the need for democratized, accessible innovation in the rapidly evolving cancer space. Through his nationally-recognized social media content as @TheOncDoc, Dr. Juneja has amassed over 700,000 subscribers, 20 million views and, as host of “Target Cancer: Podcast”, prompted two million downloads in over 110 countries to date. For his endeavors Dr. Juneja was invited by the White House to participate on their Healthcare Leaders in Social Media roundtable through 2023, and recognized by Targeted Oncology as the first recipient of their ‘2024 Oncology Icons’ award. He is an avid Keynote speaker nationally and abroad, an editor of the peer-reviewed journal AI in Precision Oncology, co-founder of Medfluencers and TensorBlack AI, and has been featured on several news outlets including CNBC, PBS, WIRED magazine, and the Washington Post.
