

FIRST SPIRITUAL SCIENCE CHURCH OF DENVER

3375 SOUTH DAHLIA STREET

DENVER, CO 80222

March 13, 2020

Dear Friends,

It appears nature has provided us with a unique opportunity to demonstrate our ability to work together for the common good of our fellow man. How we are facing and responding to the current challenges are based in love, respect and responsible action. We have powerful tools. It is time to use them.

As responsible community members, we will NOT BE HOLDING services until further notice. Please check our Website and Facebook for updates.

We already have a member of our community in quarantine but is NOT showing signs of illness. She has not been tested but, was in contact with an individual who is ill. The two -week quarantine was medically advised.

The most proactive measure we can take at this time; is joining other churches, businesses and organizations in limiting gatherings to slow and containing the spread of this illness. This is an informed conscious decision to respectfully care for one another in love. We are exercising the power to protect our community from unnecessary exposure.

Healers are called upon to use their gifts as remote healers. We are in the process of setting up a "Healer's Hot Line." More details to follow.

It has become apparent that we need to improve our Prayer Chain. Currently those seeking prayers contact me by email and phone calls. I have been very busy the past few days. It has become abundantly clear that this method works; but could be better. Measures are being implemented to improve and streamline the process. For now, prayer requests can come through our website, my personal email or phone.

SPIRIT IS AMAZING! The past few days have been a brilliant example of Divine guidance. Every issue that presented itself, has been followed by a solution and reinforced by synchronicity. Volunteers are popping up out of nowhere, and the practical creative problem solving reinforces our inner light shining forth as instruments of love and light. Divine guidance is there when called upon, but we must be willing to ask, listen and do our part when guided. This is what it means to be people of the light. We heal ourselves, help heal others, share God's love, and be channels of healing for a world in need. We are powerful beings and it is the time and place for the universe to see how much we have learned. May all witness our willingness and ability to be the loving presence we were intended to be. The power of love is beyond measure, it never fails, ever flowing for the higher and greater good of all.

Love is being responsible, respectful, treating others as we would like to be treated in all things.

Love & Light,

Pastor Susan
