

Pinellas Preparatory Academy

Grade 6-8 Math Summer Homework 2018

****If you are enrolling into a Math summer course through FLVS you are not required to complete the summer homework.**

Dear Parents and Students,

This summer we are using Khan Academy for our Math summer homework. Students will be exploring and learning skills that will help them become more successful in their math course for the upcoming school year.

How to Join your teachers' Khan Academy class:

1. Sign up at khanacademy.org (or log in if you already have an account).
2. Visit khanacademy.org/coaches (the "Coaches" tab in your profile).
3. In the "Add a Coach" field, enter the class code.
4. You're all set. Now click Home to start learning.

Most of the students did this in class the last week of school. Please make sure they write down their username and password.

Class Codes: **(Follow the code for the grade that you are entering into, even though you may be in another math level).**

6 GRADE: **ME7G4V69**

7th GRADE: **PWW7MVYU**

8th GRADE: **2PUA4K7D**

Students will need to complete 45 minutes a week or 15 minutes a day for three days a week, however they would like to do it, beginning June 4, 2018.

Students will just need to make sure to use the correct class code, based on what grade they will be entering into next year.

If you have any questions, please do not hesitate to reach out to your child's teacher for the 2018-2019 school year.

Mrs. Schell- 6th Grade Math, sschell@pinellasprep.org

Mrs. Ezenwa- 7th Grade Math and Pre-Algebra, mezenwa@pinellasprep.org

Mrs. Engels- Algebra I and Geometry I, kengels@pinellasprep.org
