

Jenner's Reba von der Teufel Hunden

(Owned, Trained and Handled by Teri Holycross)

DOB 12/17/12

I adopted Reba at 8 weeks old she is a Labrador Retriever puppy and began her training in Human Remains Detection (HRD) wilderness, water and disaster. At 10 months old Reba obtained his first certification through AKC Canine Good Citizen (CGC) in November 2013. I plan to attempt certifications through NASAR & NAPWDA with Reba in March 2014.

During her down time Reba enjoys playing with other dogs, two toy, tugging and loves to retrieve toys in the pool. She is a future dock diver in the making and currently enrolled in agility. :o)
