KITSAP COUNTY 2019 COMMUNITY HEALTH PRIORITIES SURVEY RESULTS
PARTICIPATION SUMMARY

The Kitsap Community Health Priorities Survey was administered to gather insights from residents on Kitsap County's most substantial challenges, current health behaviors and outcomes, and ways to improve health and well-being in Kitsap County. The survey was made available online on Monday, September 9th, 2019, and was closed on Monday, September 30th, 2019. The survey was distributed widely via email, Facebook, Instagram, Twitter, the Kitsap County Public Health website, and the Kitsap County GovDelivery list serve. It resulted in 1173 respondents. This report includes a summary of results for demographics, quality of life, and community ranking of elements that impact health.

DEMOGRAPHICS
Geographic region of respondents by zip code.
Respondents were spread out across Kitsap County. Three sub-county regions were underreported in the survey compared to the population. Bainbridge Island accounted for 6% of respondents in the survey in comparison to representing 9% of the total population of Kitsap. Central Kitsap and South Kitsap accounted for 22% and 19% of respondents, while both representing 27% of the total population. Bremerton and North Kitsap were overrepresented in the survey, both with 8% more survey responses than their share of the total population.

| Kitsap Geographic Regions				
	NUMBER OF RESPONDENTS	% OF TOTAL RESPONDENTS	KITSAP POPULATION*	SURVEY COMPARED TO KITSAP POPULATION
Bainbridge	67	6%	9%	-3%
Bremerton	294	26%	18%	8%
Central Kitsap	253	22%	27%	-5%
North Kitsap	299	26%	19%	8%
South Kitsap	219	19%	27%	-8%
Total	1132	100%

Length of time living in Kitsap County
Sixty eight percent of respondents have lived in Kitsap County for 11 or more years, making up the largest pool of respondents. The percent of respondents living in the County for less than a year was 3%. Twenty six percent of respondents have lived in the county for between one and 10 years. Three percent of respondents did not live in Kitsap County. Their responses were included in the analysis of the report.

Community Survey Responses by Households with Children Under Age 18 (n=1167)

Legend: ■ Survey Responses ■ Actual % of Total Population (2018)

Category	Survey Responses	Actual %
Yes	33%	30%
No	67%	70%

Community Survey Responses by Gender (n=1164)

Legend: ■ Survey Responses ■ Actual % of Total Population (2018)

| Category	Survey Responses	Actual %
Female	76%	49%
Male	21%	51%
Choose not to answer	2%	
Does not identify as male or female	1.2%	

Community Responses by Household
Thirty three percent of respondents reported having children under the age of 18 in the house. This is similar to the actual number of people in Kitsap County with children under the age of 18 in the household (30%). Reciprocally, 67% of respondents did not have children under the age of 18 in the house, which is similar to the actual number in the County (70%).

Community Responses by Gender
Seventy six percent of respondents identified as female. This is a higher rate than the actual percent of women in Kitsap County (49%). Men accounted for 21% of survey respondents, which is lower than actual males living the County (51%). Additionally, 2% did not answer this question and 1.2% did not identify as male or female.
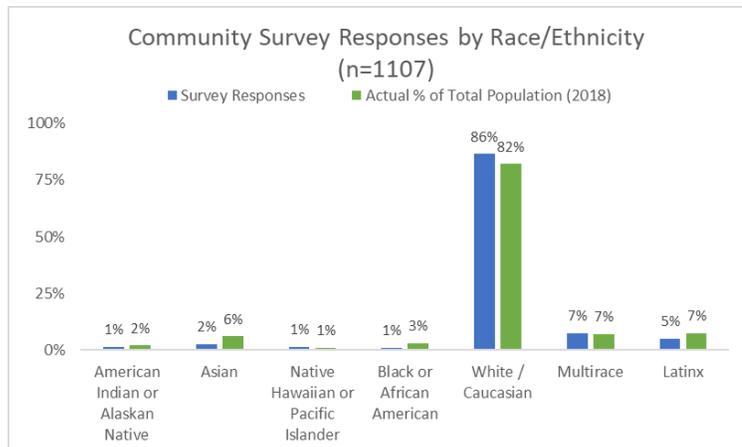

Community Survey Responses by Age Group (n=1168)

Legend: ■ Survey Responses ■ Actual % of Total Population 18+ (2018)

Category	Survey Responses	Actual %
18-29	8%	13%
30-44	27%	16%
45-64	44%	27%
65+	21%	21%

Community Survey Responses by Education Level (n=1167)

Legend: ■ Survey Responses ■ Actual % of Total Population (2018)

Category	Survey Responses	Actual %
Less than high school	0%	5%
High school graduate	5%	21%
Some college, technical or AA degree	37%	40%
Bachelor's degree	29%	22%
Masters or other professional degree	29%	12%

Community Responses by Age group
The lowest percent of respondents as a proportion the population was the youngest age group, 18-29 year old, at 8%. This group makes up 13% of the actual population. The highest respondent group was individuals between 45 and 64 which made up 44% of responses. Twenty seven percent of individuals between 30 and 44 represented the second highest group of respondents, followed by 65 and older at 21%.

Community Responses by Education
The highest percentage of respondents have some college, technical degree or AA degree at 37%, which is similar to that of the actual population (40%). Twenty nine percent of respondents have a bachelor's degree, and 29% have a master's degree which are higher percentage's than in the actual population at 22% and 12%, respectively. Five percent of respondents graduated from high school, and nobody took the survey that had less than a high school diploma.

Community Survey Responses by Race/Ethnicity (n=1107)

Legend: ■ Survey Responses ■ Actual % of Total Population (2018)

| Category	Survey Responses	Actual %
American Indian or Alaskan Native	1%	2%
Asian	2%	6%
Native Hawaiian or Pacific Islander	1%	1%
Black or African American	1%	3%
White / Caucasian	86%	82%
Multirace	7%	7%
Latinx	5%	7%

Community Responses by Race
The highest percentage of respondents are White or Caucasian at 86%, which is more than that of the actual population (82%). American Indian or Alaskan Native, Asian, Native Hawaiian or Pacific Islander, Black or African Americans, and Latinx populations were underrepresented in the online survey. Individuals who identified as multi-racial were represented similar to the actual percent of multi race people in the County.

QUALITY OF LIFE
Community Health
Respondents vary when rating the overall health of the community. Only 1% of the respondents rate the community as very healthy. The largest group of respondents view the community as somewhat healthy, at 44%. Twenty percent perceive the community to be healthy, and 24% believe it is somewhat unhealthy. Nine percent of respondents believe the community is unhealthy, and 2% rated the community as very unhealthy.
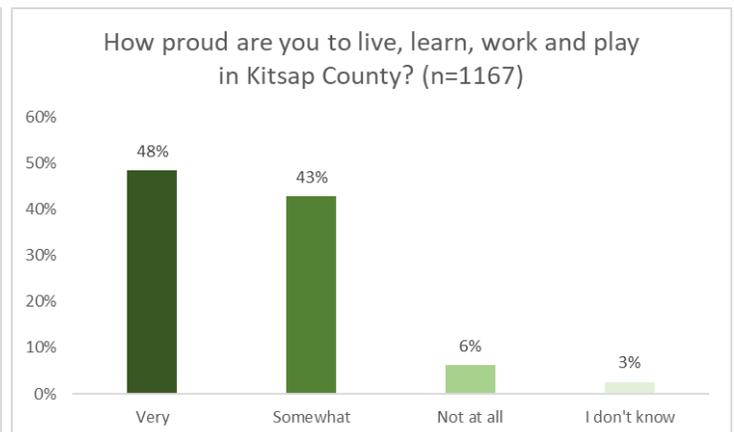

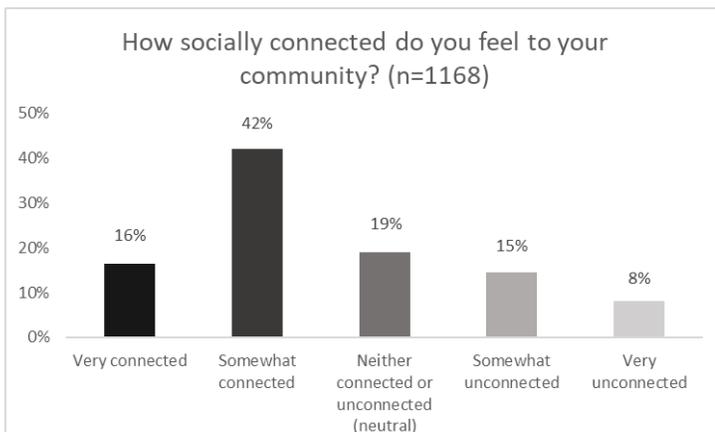

How would you rate your community's health overall? (n=1164)

1%	20%	44%	24%	9%	2%
Very healthy	Healthy	Somewhat healthy	Somewhat unhealthy	Unhealthy	Very unhealthy

How satisfied are you with the quality of life in your community? (n=1164)

15%	61%	13%	10%	2%
Very satisfied	Mostly satisfied	Neither satisfied or unsatisfied	Mostly unsatisfied	Very unsatisfied

How satisfied with the quality of life in your community?
The majority of respondents (61%) are mostly satisfied with the quality of life in Kitsap County. Fifteen percent are very satisfied, while 13% are neither satisfied or unsatisfied. Ten percent of respondents are mostly unsatisfied, and 2% are very unsatisfied.

Thinking about the amount of stress in your life, how stressful are most days? (n=1168)

5%	19%	61%	14%	1%
Extremely	Very	Somewhat	Not at all	I don't know

How stressful are most days?
Five percent of respondents believe they live an extremely stressful life, while 19% live a very stressful life. Sixty one percent of respondents have a somewhat stressful life. Fourteen percent of respondent do not live a stressful life at all.

How socially connected do you feel to your community? (n=1168)

KITSAP COUNTY COMMUNITY HEALTH PRIORITIES SURVEY SUMMARY 2019

Most important and most wished for.
Responses to the previous two community rankings were compared to identify those items thought to be most important and most wished for. In the following chart, the closer an item is to the top right-hand corner, the more important and wished for it was considered. The items closer to the bottom left-hand corner were considered the least wished for and least important by survey respondents. Affordable housing, low crime and violence/safe neighborhoods, good jobs and a healthy economy, and access to behavioral health care (mental health and substance abuse) stood out as the most wished for and important.

Factors with the largest impact on health for families with young children, ages 0 to 10.
Respondents were asked to pick the top 3 factors that impact health for families with young children. Child care options was selected as the most frequent response (46%). Drug and alcohol abuse (40%), school violence (36%), homelessness (35%), a lack of social opportunities (34%), and mental health issues (34%) were identified as the next most important things impacting families with young children.

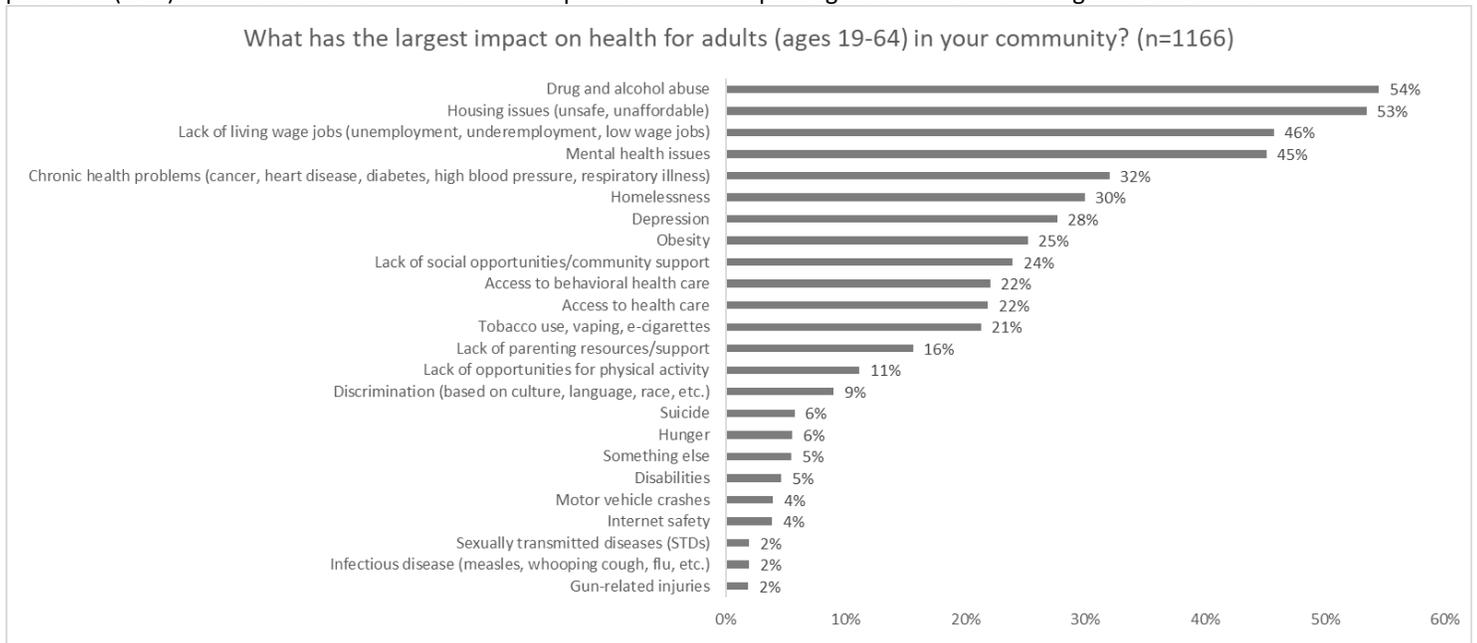

6

**Factors with the largest impact on health for youth between the ages of 11 and 18.**
Respondents were asked to pick the top 3 factors that impact youth in the community. Drug and alcohol abuse was selected as the most frequent response (58%). School violence (45%), mental health issues (42%), tobacco use including vaping and e-cigarettes (40%), and depression lack of social opportunities (35%) were identified as the next most important factors impacting youth between the ages of 11 and 18.

What has the largest impact on health for youth (ages 11-18) in your community? (n=1151)

BACKGROUND

The purpose of this survey is to find out what you think about health and the strengths and needs of your community. <u>Your answers are very important to us and are anonymous - your name will not appear anywhere on this survey.</u>

This survey is completely voluntary. Your choice to participate will in no way affect your ability to access services.

The results of this survey will be analyzed and used for development of community health priorities.

This is a wonderful way for you to have a voice in community planning. Thank you for your participation!

1. How satisfied are you with the quality of life in your community?

- ( ) Very satisfied
- ( ) Somewhat satisfied
- ( ) Neither satisfied or unsatisfied
- ( ) Somewhat unsatisfied
- ( ) Very unsatisfied

2. How socially connected do you feel to your community? Connected means being socially involved with others in your community.

- ( ) Very connected
- ( ) Somewhat connected
- ( ) Neither connected or unconnected (neutral)
- ( ) Somewhat unconnected
- ( ) Very unconnected

3. Thinking about the amount of stress in your life, how stressful are most days?

- ( ) extremely
- ( ) very
- ( ) somewhat
- ( ) not at all
- ( ) I don't know

4. In your opinion, in Kitsap County, is there a shared feeling of pride for what happens in the community?

- ( ) definitely
- ( ) somewhat
- ( ) not at all
- ( ) I don't know

5. In your opinion, in Kitsap county, is there a shared feeling of responsibility for what happens in the community?

- ( ) definitely
- ( ) somewhat
- ( ) not at all
- ( ) I don't know

6. How would you rate your community's health overall?

- ( ) Very healthy
- ( ) Healthy
- ( ) Somewhat healthy
- ( ) Somewhat unhealthy
- ( ) Unhealthy
- ( ) Very unhealthy

* 7. What do you think are the THREE most important things that make a healthy community? *(Please pick 3.)*

- [ ] Good place to raise children
- [ ] Low crime and violence/safe neighborhoods
- [ ] Good schools
- [ ] Access to healthcare
- [ ] Parks and recreation
- [ ] Clean environment
- [ ] Affordable housing
- [ ] Acceptance of diversity
- [ ] Good jobs and healthy economy
- [ ] Healthy behaviors and lifestyles
- [ ] Religious or spiritual values
- [ ] Arts and cultural events
- [ ] Access to nutritious food
- [ ] Accessible and affordable transportation
- [ ] Safe and walkable neighborhood
- [ ] Something else (please fill in blank below)

[   ]

* 8. Which of the following do you wish were more present in your community? *(Please pick your top 3.)*

- [ ] Good place to raise children
- [ ] Low crime and violence/safe neighborhoods
- [ ] Good schools
- [ ] Access to healthcare
- [ ] Parks and recreation
- [ ] Clean environment
- [ ] Affordable housing
- [ ] Acceptance of diversity
- [ ] Good jobs and healthy economy
- [ ] Healthy behaviors and lifestyles
- [ ] Religious or spiritual values
- [ ] Arts and cultural events
- [ ] Access to nutritious food
- [ ] Accessible and affordable transportation
- [ ] Safe and walkable neighborhood
- [ ] Something else (please fill in blank below)

[   ]

* 9. In your opinion, what THREE things cause the biggest problems to your community's overall health?
(Please pick 3.)

- [ ] Access to healthcare
- [ ] Chronic health problems (cancer, heart disease, diabetes, high blood pressure, respiratory illness)
- [ ] Crime and violence (robbery, homicide, domestic violence, sexual assault, child abuse/neglect)
- [ ] Discrimination (based on culture, language, race, etc.)
- [ ] Education (high school graduation rates, limited higher education options, etc.)
- [ ] Infectious diseases (flu, HIV, measles, etc.)
- [ ] Housing issues (unaffordable, unsafe play areas, unsafe housing, homelessness)
- [ ] Mental health needs (treatment, medications, suicide prevention, etc.)
- [ ] Substance abuse (alcohol, drugs, opioids, etc.)
- [ ] Smoking, e-cigarettes, vaping
- [ ] Obesity (adult and childhood)
- [ ] Poor nutrition/lack of access to healthy food
- [ ] Lack of opportunities for physical activity
- [ ] Poverty (underemployment and unemployment)
- [ ] Sexually transmitted diseases (STDs)
- [ ] Something else (please fill in blank below)

10. In your opinion, what THREE things cause the biggest problems for families with young children (age 0-10) in your community?
(Please pick 3.)

- [ ] Attention Deficit Hyperactivity Disorder ADHD/ADD
- [ ] Asthma
- [ ] Autism
- [ ] Child abuse and neglect
- [ ] Child care options
- [ ] Disabilities
- [ ] Drug and alcohol abuse
- [ ] Smoking, vaping, e-cigarettes
- [ ] Infectious disease (measles, whooping cough, flu, etc.)
- [ ] Obesity
- [ ] Depression
- [ ] Diabetes
- [ ] Gun-related injuries
- [ ] Hunger
- [ ] Homelessness
- [ ] Internet safety

- [ ] Suicide
- [ ] Lack of social opportunities/community support
- [ ] Support to age in place
- [ ] Transportation
- [ ] Income, financial resources to pay for basic needs and care

In this last section we have some questions about you.

14. What is your gender?

- ( ) Female
- ( ) Male
- ( ) Choose not to answer
- ( ) Transgender Female (MTF)

- ( ) Transgender Male (FTM)
- ( ) Non-binary
- ( ) Gender Queer
- ( ) Other

15. What is your age?

- ( ) <18
- ( ) 18 - 29
- ( ) 30-44

- ( ) 45-64
- ( ) 65+

16. Do you have a child in your household under the age of 18?

- ( ) Yes
- ( ) No

17. Which race or races do you identify as? *(Please choose all that apply)*

- [ ] American Indian or Alaskan Native
- [ ] Asian
- [ ] Native Hawaiian or Pacific Islander
- [ ] Other race (please specify)

- [ ] Black or African American
- [ ] White / Caucasian

18. Do you identify as Hispanic or Latino?

- ( ) Yes
- ( ) No

19. What is your highest level of education?

- ( ) Less than high school
- ( ) High school graduate
- ( ) Some college, technical or AA degree

- ( ) Bachelor's degree
- ( ) Masters or other professional degree

20. In the last year, has your household lost housing or had to move due to any of the following? Check all that apply

- [ ] I have not experienced displacement from housing in the last year
- [ ] rent increase(s) that I could not afford
- [ ] the sale of my rental housing unit by the owner
- [ ] increase in property taxes that I could not afford
- [ ] increase in utilities costs that I could not afford
- [ ] Other (please specify)

- [ ] a health crisis that affected my ability to pay rent/housing costs
- [ ] an employment change (job loss or reduction in hours) that affected my ability to pay rent/housing costs
- [ ] eviction for a cause other than not being able to pay the rent
- [ ] family break-up (divorce or separation)
- [ ] fleeing domestic violence

21. How long have you lived in Kitsap County?

- ( ) Less than a year
- ( ) 1 to 5 years
- ( ) 6 to 10 years

- ( ) 11 years or more
- ( ) I don't live in Kitsap County

* 22. What is your zip code?
