Volunteer Hours for ITS 2018-2019

When actors get inducted into the Thespian Society of the Lake Central Theater Company(Troupe #2536), what is expected of them afterwards? Do they only have to participate in our productions in order to be considered a valid troupe member- is that what Troupe #2536 is about? We feel that there should be more involvement from our members to show us that they truly deserve the Thespian status that they have been given or hope to achieve.

Troupe #2536 of the International Thespian Society is going to promote theatre in both our school cooperation and community. Members are being asked to do at least 2 (two) service hours per semester, resulting in 4 (four) hours for the academic year. Those who complete their hours will be recognized for their services at the theater banquet held in May.

Anyone who is interested in running for an office must complete more than the required hours in order to be considered for candidacy.

Suggested Service Hours (Not Limited to):

- Volunteering to work any LC Advanced theatre shows.
- Ushering fall/spring shows at high school or middle school (Not involved in show itself)
- Helping work at a middle school show
- Attending a middle school production (signed program from director)
- Poster runs
- Discussing theater at a middle school rehearsal
- Working concession stand at productions
- Helping with locker decorations (with parent group permission)
- Helping with sponsorship runs
- Tech sessions

These are many other countless opportunities to volunteer. The possibilities are endless.
