I began my professional career in retail management while attending Virginia Marti College of Fashion and Art. After graduating with a degree in fashion Merchandising, I utilized the customer service experience to transition into the recruiting field. As a recruiter, I worked closely with many Cleveland based companies to secure top notch candidates to fill their administrative positions. It was during this time that one of my clients offered me a Human Resources Coordinator position with their company. In my 15 years as a Human Resources professional, my primary focus was employee benefit administration which included, open enrollment coordination, new employee orientation; as well as, being the liaison between the company and their employees. My passion for educating and guiding employees with their health care benefits inspired me to pursue and obtain a GBA designation through the Wharton School at the University of Philadelphia. With the birth of my son came the blessing of becoming a stay-at-home mom. And although this was one of the most rewarding experiences of my life, I was led back to a vocation that allows me to help those in need. Now, drawing on my many years of Human Resources experience, knowledge of employee benefits and desire to assist people with the challenges of health care, I've returned to the benefits arena. I have seen first-hand how challenging and confusing it can be to comprehend the everchanging health care regulations. As a licensed Life and Health Agent, I now educate and assist clients as, together, we navigate through their benefits options.

WHO I AM:

Dual Business Owner – Insurance Agent and Owner of Organized Interiors
Independent Advocate for Seniors
Human Resource and Benefits Professional
Group Benefit Associate (GBA)

Life, Health and Limited Annuities License
Virginia Marti College Alumni
Ministry Team Member at Christ Church
HOA Board of Directors

WHY I DO WHAT I DO:

I have seen first-hand the loss of life's joy during the retirement years when there is no Long-Term Care plan in place. All too often seniors are enrolled in a Medicare plan, never to receive any follow-up from the enrolling agent. That is not my philosophy nor that of this organization.

Clients are not "numbers" but people we care about. We're not about making sales, but helping others.

Medicare regulations are complex. It is challenging and confusing to face the ever-changing health care system alone.

It is MY blessing to assist my clients in the areas of: Medicare, Hospital Indemnity, Final Expense, and Funeral Trust
