

RENEGADES UPDATE

The Renegades committee and volunteers met with Diane Bristow, Board Chairman, and Exalted Ruler Mike Hanson to discuss the impact of the COVID-19. We reviewed the COVID-19 Industry Guidance for restrictions that will affect our breakfast. As you know our Renegade breakfast is a very popular buffet. The volunteers decided we want to continue with providing our members the same quality of food and service. The decision was to postpone our breakfast until October 4th. The Renegades do not have a breakfast in July or in September, both months are holidays. August was the only month in question. We determined it would be difficult to practice physical distancing as indicated in the guidelines. This allow us time to get the needed equipment to open the dining room for the buffet.

As you have seen or heard the lodge has been doing major cleaning. The Renegades are helping with the "Drive Thru Diner" take out dinners. We also will assist with Spaghetti and the Taco Tuesday to help them get back up and running.

Thank you for your continued support during this devastating time.

Karen Tuttle, Renegade Treasurer
