

God's Final Answer

Despising God's Final Word
Hebrews 10:19-31 (focus v. 19-26)
"If we willfully keep on sinning..." v.26

Exhortation 4: Warning against deliberately pushing God away and standing alone in judgment before God.

We consider our 4TH Warning. From this text we learn of:

1. **The Warning:** We must guard against setting our wills against God!

2. **The Reason:** We will stand before God without Christ/all alone in our sin

3. **The Encouragement** - LET US: (*Opposite of rebelling*)
We must draw near and hold fast to God so that we are not left standing alone (without Christ) in judgment before God.
 - a) **Draw near** to God (James 4:4-10)

 - b) **Hold fast** our Hope

 - c) **Consider Others** – We must not forsake or turn our back on God or our brothers! This is something we do together!

All of us must be committed to mutual care! The emphasis in these verses is not what we get from assembling together, **but what we contribute!**
