**City of Clark Board of Adjustment Meeting
May 6, 2019**

Call to order: The Clark City Council, meeting as the Board of Adjustment, met in session on May 6, 2019 at 7 pm in the City Hall Council Room.

Council Members Present: Brian Cook, Belinda Hanson, Kerry Kline, Dennis Larson, Harv Spieker and Andrew Zemlicka.

Others Present: Mayor John Pollock, Finance Officer Jackie Luttrell, City Attorney Chad Fjelland, Bill Krikac, Eric and Erin Brush, Terry Schlagel and Brandon Kottke.

Mayor Pollock called the meeting to order at 7:00 pm.

Brush Variance Application

Eric and Erin Brush have applied for a variance of Clark City Code 11.08.06.3 – side yard set-back to construct an attached garage closer to the property line. Unique to this property is an undeveloped 40 foot right of way adjoining to the said property line. Adjoining landowner Terry Schlagel was in attendance to voice his concern that the property not be vacated as he wants to ensure access to the property to the west. A previous attempt to vacate said right of way failed due to all the lack of all adjoining property owners signing the petition. Luttrell pointed out an alternate future access to the said property would be to the south where there is a 58 foot city right of way and an additional 60 foot county right away. A typical city road right of way is 60 feet.

Motion by Kline and seconded by Larson to approve the variance to building up to property line. Voting in favor Kline, Hanson and Larson. Opposed Zemlicka, Spieker and Cook. Motion failed due to lack of 2/3 vote as required for passage.

Motion by Hanson and seconded by Zemlicka to approve variance to building one foot off property line. Voting in favor Kline, Hanson, Zemlicka, Spiker and Cook. Opposed Larson. Motion carried with 2/3 votes of the board.

Motion by Larson and seconded by Kline to adjourn the Board of Adjustment meeting. All members voting yes. Motion carried.

Meeting adjourned at 7:21 pm.

Mayor Small Business Proclamation

National Small Business Week Proclamation

WHEREAS, America’s progress has been driven by pioneers who think big, take risks and work hard; and

WHEREAS, from the storefront shops that anchor Main Street to the high-tech startups that keep America on the cutting edge, small businesses are the backbone of our economy and the cornerstones of our nation’s promise; and

WHEREAS, small business owners and Main Street businesses have energy and a passion for what they do; and

WHEREAS, when we support small business, jobs are created and local communities preserve their unique culture; and

WHEREAS, because this country's 30 million small businesses create nearly two out of three net new jobs in our economy, we cannot resolve ourselves to create jobs and spur economic growth in America without discussing ways to support our entrepreneurs; and

WHEREAS, the President of the United States has proclaimed National Small Business Week every year since 1963 to highlight the programs and services available to entrepreneurs through the U.S. Small Business Administration and other government agencies; and

WHEREAS, City of Clark supports and joins in this national effort to help America's small businesses do what they do best – grow their business, create jobs, and ensure that our communities remain as vibrant tomorrow as they are today.

Motion by Kline and seconded by Larson to adopt the agenda. All members voting yes. Motion carried.

All stood and recited the Pledge of Allegiance.

Public Input

Tom LaBrie addressed a reoccurring sewer line problem. Nichole DesLauriers and Jason McHenry, representing the Chamber, thanked the City for the continued financial support, elaborated on how the funds were used and gave an update on their events. Chamber is requesting same funding for 2020 as provided in 2019. Police Chief Wellnitz will be visiting with the Chamber on how to handle the open containers throughout town during Potato Days. State law prohibits open containers outside designated areas.

Motion # 116-2019

Motion by Larson and seconded by Kline to reimburse Tom LaBrie \$349.85 for the cost of inspecting his sewer line to determine problem (same as 2010) and approve digging up the line for repairs. All members voting yes. Motion carried.

Department Updates

Police report given by Wellnitz. Updates given by Altfillisch and Luttrell. Discussed pool issues on trespassing after hours and lack of lifeguards' availability. Wellnitz and Luttrell asked for approval to become part of pilot program to contract a code enforcement officer on an as-needed basis. This is a pilot program arranged by SDML for smaller towns.

Motion # 117-2019

Code Enforcement Pilot Program

Motion by Kline and seconded by Larson to approve pursuing the Code Enforcement Pilot Program with SD Municipal League. All members voting yes. Motion carried.

2020 Budget Discussions

Luttrell led the 2020 budget discussion for projected revenues and expenditures. One of Luttrell's goal is to lower the City's mil levy which is only done by requesting less in property tax revenue. Luttrell explained the maximum amount the City can request is set by state law, previous years levy plus percent of Consumer Price Index (CPI) plus percent of growth. Last year the City banked the CPI increase. Luttrell recommends reducing the levy by \$25,000, the amount projected to gain from sales tax revenue. The unknown is how the county appraisal project will affect the levy. Different projects were discussed and decided if and where they can fit into the budget. Rotary asked to cost share epoxying the bathrooms in the Dickinson Park concession stand at a cost of \$2,000 each. Council appreciates all of Rotary's work at the park and therefore agreed to cost share this project for 2019 if time allows or we can budget in 2020.

Farm vs. CRP/Walk In Program

Financial information was obtained regarding putting the remaining 90 acres from the retention pond into a CRP contact and SD GFP walk in program. After much discussion, it was decided to keep the land as farm ground and start leasing it for 3 years instead of the previous one year lease. The primary reason was the programs would offer about half the revenue than what has been received by leasing as cropland.

Sewer Pond Surcharge

Luttrell explained her efforts to reduce the sewer pond surcharge. State has approved this reduction as the original fee of \$17.85 was set based on the original loan estimate. Adopt Agenda

Motion by Hanson and seconded by Spieker to adopt the agenda. All members voting yes. Motion carried.

All stood and recited the Pledge of Allegiance.

Public Input

On behalf of her parents, Michelle Batchelor asked about hooking up city water and sewer to a resident adjacent to city limits that has no known previous city utilities. Previous council discussion was no new hookups unless property annexed into city limits. Item will be added to the December council meeting to determine if property requires annexation or if they can receive services at triple rates.

Mayor & Department Updates

Pollock and Luttrell gave a brief update. City crew would like a vehicle lift and more tools. Council authorized to spend up to \$5,000. Excess water is causing problems in Clubhouse basement. A snowmobiler drove across golf course and damaged the greens. Will pursue legal action to recoup repair costs. Signs have been posted. Gave update on code enforcement. Properties that have made no effort to clean up, have been given final notice. Dump will close November 9.
