<b>2:15pm</b>	Group Sharing Session Closing Remarks	Ballroom
<b>3:30pm</b>	Dismissal	Parra Ballroom

## Roundtable Discussion Focus\*

**Roundtable Session 1:** Student advocacy through free speech has become a hot topic on college campuses across America. How does your university cultivate students to advocate for issues which impact their experience? What specifically do you or your department do to promote student advocacy efforts? How do you make other campus professionals aware of the issues facing students and how do you empower them to respond?

**Networking Lunch:** Lunch tables will be assigned to functional areas of student affairs. Converse with colleagues regarding recent trends and best practices associated with your professional focus.

**Roundtable Session 2:** Inclusivity is an expected component of the collegiate experience. How does your campus promote inclusivity? Are there any special initiatives for traditionally marginalized groups? How do you assess the needs of marginalized populations and ensure that the university is meeting them? What types of partnerships exist between campus departments to promote inclusivity? How can you continue to cultivate those relationships in the upcoming year?

## Roundtable Group Room Assignments

<b>Group 1</b>	Ballroom Main
<b>Group 2</b>	Ballroom A
<b>Group 3</b>	Ballroom B
<b>Group 4</b>	Ballroom C
