ACCIDENTAL INJURY & DISABILITY INCOME INSURANCE

You can't prevent every accident—but you can protect yourself and your family with **ACCIDENT***assurance*.

OUR ASSURANCES

- Benefits are paid directly to you regardless of any other insurance you have.¹
- Benefits have no lifetime maximums.
- Rates won't increase because you use your policy.²

ACROSS THE U.S., ACCIDENTS HAPPEN AT AN ALARMING RATE. **EVERY SECOND OF EVERY DAY**, SOMEONE IS DISABLED FROM AN ACCIDENTAL INJURY. AND **1 IN 8** AMERICANS—NEARLY **37.9 MILLION** PEOPLE—RECEIVE MEDICAL ATTENTION FOR NONFATAL INJURIES ANNUALLY.³ **ACCORDING TO THE NATIONAL SAFETY COUNCIL, FALLS ARE A LEADING CAUSE OF ACCIDENTAL INJURIES IN THE U.S.,³ RESPONSIBLE FOR NEARLY 9 MILLION ER VISITS A YEAR.⁴**

An accidental injury⁵ is an injury to your body solely caused by and resulting from a sudden, unexpected and unforeseen event. An accident⁶ can happen anywhere at nearly any time. Bodily injuries that result from accidents can be painful—and can cause unexpected medical bills for diagnosis and treatment.

If you're in an accident, your major medical plan may cover most of your expenses. But you're likely to be responsible for out-of-pocket expenses such as deductibles and copays, plus medical appliances and transportation.

Gain the extra protection you need with **ACCIDENT***assurance*.

¹Unless otherwise requested by you or required.

²Your rates cannot be increased unless all rates of the same kind are raised in your state.

⁵An accidental injury means an injury or injuries, for which benefits are provided and bodily injuries sustained by the insured person which are the direct and independent cause of the loss and occur while the policy is in force.

⁶An accident means a sudden, unexpected and unforeseen event.

Choose the plan that's right for you.

Every accidental injury—from bumps and bruises to broken bones—requires different care and treatment. To help protect you and your family, ACCIDENT^{assure} offers benefits for today's most common accidental injuries, whether they happen on the job or off. Plus, the policy lets you choose from two levels of coverage.¹

Get even **more protection** with this **optional rider**

☐ **PHYSICIAN'S OFFICE ADDITIONAL BENEFIT RIDER**

The Physician's Office Additional Benefit rider provides the flexibility to receive treatment in a number of nonemergency-room medical facilities, such as a physician's office, dentist's office¹ or urgent/immediate care center. With this option, you'll receive an enhanced benefit when you seek care at an approved medical facility after an accident, regardless of the treatment needed or scope of the injury.

The benefit is payable in one of two ways:

1) A \$200 benefit is payable to diagnose and treat injuries which are not covered by the base policy, such as broken natural teeth, sprains, first degree burns and other noncovered injuries. The \$200 benefit pays in *addition* to the physician's office visit benefit included in the base policy, as shown in example 1.

OR

2) When the physician's office benefit is paid along with other benefits that are covered in the base policy, this rider pays an additional \$50 (instead of \$200), as shown in example 2.

The injury must be the result of a covered accident for which a charge was incurred and the physician's office visit benefit is payable, in order for the Physician's Office Additional Benefit rider to be payable.

Example 1

INJURY CAUSE	TREATMENT	DIAGNOSIS	BENEFIT	AMOUNT ²
Fall	Dr. office visit, X-ray (to determine if fractured), and pain medication	Arm pain and NO fracture	Physician's office visit benefit	\$50
			Physician's Office Additional Benefit rider	\$200
			TOTAL BENEFIT	\$250

Example 2

INJURY CAUSE	TREATMENT	DIAGNOSIS	BENEFIT	AMOUNT ^{2,3}
Fall	Doctor office visit, X-rays (to check for fracture and verify bone is set correctly), cast, sling and pain medication	Arm pain and fracture	Physician's office visit benefit	\$50
			Physician's Office Additional Benefit rider	\$50
			Fracture	\$1,600
			TOTAL BENEFIT	\$1,700

¹Benefits are not payable for loss contributed to, caused by or resulting from your treatment for dental care or dental procedures, unless treatment is the result of a covered accident. Dental procedures that result from a covered accident are limited to natural teeth.

²This information is provided for illustration purposes only. Benefit examples are based on level 2 coverage.

³Other benefits may be payable under the policy and may vary by the type of covered accident.

Other terms and conditions apply; ask your agent for details.
