

AFFIDAVIT OF DAVID TAYLOR

On this the 7th day of March 2014, I, David Taylor of _____ Wigston, Leicester, LE18 2RG, do hereby provide this Affidavit of facts, which are known to me and to which I will and do hereby testify.

I believe that first met Gary McDuff in 2001 at the UK offices of Dobb White & Co. where I was employed, doing bookkeeping and accounting.

Dobb White & Co. became a primary customer of a bank in Dominica. Three UK bankers, Chris Stone, Iain McWhirter, and Terrence de'Ath took over management of it while they sought approval from the Dominican government to purchase it. I was appointed as general manager, and relocated from the UK to Dominica to live and work. Mr. McDuff was appointed to the Trust Department and dispatched to open Treasury accounts for the bank. He established Treasury accounts in Mexico and Belgium.

The Dominica bank offered insured certificates of deposit, which were protected by a Dobb White Lloyd's insurance policy, structured by UK attorney, Colin Riseam. Mr. McDuff was placed in contact with the insurance broker who wrote the insurance policies. He obtained updated policy information from John Sevastopolu of First City insurance group on each increase in coverage, and provided it to the bank so it could evidence the insurance being in force.

Breaches of banking regulations by the bank's previous owner, before contracting to sell the bank, required the regulators to revoke its banking license, leaving no bank for Mr. Stone, Mr. de'Ath, and Mr. McWhirter to purchase. That ended the need for me to remain in Dominica.

During my tenure of working with Mr. McDuff, I found him to be detail oriented, and one who left nothing undone. He was very cautious, and insisted on having legal counsel provide directives before proceeding with any project.

Signed on this the 7th day of March, 2014, by David Taylor, before a witness not related to the Affiant.
