

**PUBLIC WORKSHOP WITH BOARD OF SELECTMEN AND BRIDGTON LAND USE &
ZONING AD-HOC COMMITTEE MEETING**

Town Office Lower Meeting Rooms

June 28, 2016

The Public Workshop of the BOS and the LUZ was called to order by Gary Watkins at 6:00 p.m. The meeting was immediately turned over to Bill O'Conner, who presented an overview of the regulations proposed by the LUZ for the Downtown Village Business Districts I and II, the Inner Corridor District, and the Outer Corridor District.

An informative interchange of questions and answers ensued. A discussion of the function and applicability of the proposed Design Review Committee resulted in a number of the members of the BOS suggesting that the DRC's purview be extended to all the districts presently being considered.

The Public Workshop was adjourned at 5:55.
