

Dear Medical Provider and Community Leadership of Livingston Parish:

Our Lady of the Lake Livingston (LOL Livingston), in partnership with Livingston Parish President's Office, will begin operations for testing of Livingston Parish Residents and First Responders.

**The site tests only for SARS-COV-2 / COVID-19.**

Location: LOL Livingston, 5000 O'Donovan Blvd. Walker, LA 70785

Operation hours: Monday – Wed- Friday, 10:00 a.m. – 1130 a.m. (dependent on supply availability). The first day of operation is planned Wednesday, April 1, 2020.

**Medical Providers:**

Flu swabs will not be conducted

An order (see attached) must reach us prior to 2pm the day before: FAX: 225-271-6002

Approximately 50 tests per day will be conducted or as supplies last

COVID results will be sent to you for medical follow up with your patient

**Community Leadership:**

The LOL Livingston testing site will accept medical order for **Livingston Parish** First Responders including Fire/Paramedic personnel and members of Law Enforcement who have had a COVID exposure. Specific guidelines for exposure protocol are listed below to prioritize needs/supplies:

An exposure requires that the source/patient either **already** has a positive COVID-19 test or **develops** a positive COVID-19 test.

It is an exposure if contact was made with a patient **under 6 feet** distance **AND** with **no PPE**.

A person must have the following symptoms: A fever over 100.4 **AND** one of the following: new or worsening cough **or** shortness of breath in order to be tested.

**What to do if you have an employee who has experienced an exposure:**

- A person with **NO** symptoms (mentioned above) can return to work.
- The employee should be directed to keep a 'personal temperature monitoring log' and record their temperature **AND** the time it was taken, **twice daily**. Preferably in the morning and then again in the evening. Be certain to record what time the temperature was taken.
- If the employee develops a fever (meaning a **temperature of 100.4 or higher**), then they should be referred to their primary doctor.
- The employee should be self-isolated if they develop a fever **and** either a new cough or worsening cough or shortness of breath; or as recommended by their primary doctor. During self-isolation, **the employee's primary doctor** should direct any medical therapy.

Provider Order: Our Lady of the Lake Livingston COVID 19 Site Testing

**The order must be filled out completely for the test to be performed.**

Fax referral order sheet (along with an office face sheet) face to 225-271-6002 by 2pm the day before testing is requested

**A government issued picture ID must be presented on site prior to testing.**

**Hours:** 1000-1130am M-W-F while supplies last.
