

The Rotary Club of Englewood
2nd Annual “Josh the Otter” Water Safety Benefit
Wine & Swine

OUR MISSION: Our mission is to educate children and adults in our community about water safety through the utilization of drowning prevention campaigns and early childhood water safety training.

OUR VISION: Our vision is the elimination of drowning through water safety education and awareness by fostering a generational change in the way children and adults perceive bodies of water.

WHY WE CARE: According to the CDC, DROWNING is the NUMBER 1 cause of unintentional deaths among children ages 1-4. We do not want another needless drowning death in our community!

The Rotary Club of Englewood is partnering with the *Joshua Collingsworth Memorial Foundation*, a non-profit organization committed to water safety, to be the leading force in our community for meaningful awareness, education and prevention. It is our goal to eliminate the incidence of drownings.
