Consignors & Buyers

We are excited to announce our Second Season at PAYS Top Dollar Enhanced Health Consignment Sales. They will be held **Friday, October 8th, Friday, October 22nd, Friday, November 12th & Friday, December 3rd.**

Sale requirements and eligibility:

1. Must fit any of our Northern Livestock Video Pre-Con programs listed below.
2. Cattle must be pre-consigned by 9:00 am the day BEFORE sale day.
3. pre-consignment information must include:
 - Complete shot record, including dates administered
 - If weaned, complete shot record plus feed and weaning program (and how many days weaned)
 - Please also list:
 - Implants or no implants
 - Knife cut or banded
 - Deworming/pour on program
 - Approx. calving period
 - Mineral Program
 - Third party verification program if applicable

The consignment list will be sent out to our extensive Northern Livestock Video buyer base and to our regular PAYS and BLS buyers. This will allow buyers to build loads of pre-conditioned calves and allow consignors to realize a **PREMIUM** for their Enhanced Health calves regardless of the size of the consignment. We have seen and will continue to see calves that have been weaned 45+ days or unweaned calves with two rounds of shots bring premiums over those which do not fall under the Enhanced Health Program.

It's a win-win: consign early, let us market your calves to a large buyer base, and reap the benefits of your ranch's enhanced health programs.

All sales will be broadcast at www.CattleUSA.com

Recommended Vaccination Protocols:

PreCon 2+

Two rounds of shots (branding and **3-6 weeks** prior to selling)

- 5 Way Respiratory, IBR-BVD-P13-BRSV (modified live or killed)
