PRE-INSTALLATION INFORMATION

SITE REQUIREMENTS

- Two feet of clearance around and above the entire building for construction.
- Site needs to be within 6 inches of level and free of obstruction or debris (including pet debris).
- We need to park our truck and use a power outlet within 120 feet from the building location.

SITE PREPARATION

- If you are putting gravel down, we recommend 3-4 inches of 3/4-minus gravel.
- If you do not have a concrete slab a foundation, a standard block charge will apply.
(The blocks are placed under the 4"x4" skids and are used to level out the base of your building.)
- **BETTER BUILT BARNs EMPLOYEES DO NOT EXCAVATE!**
(Unless pre-approved with a site review, if the site is more than 6 inches out of level, excavating, filling and leveling must be done by the CUSTOMER, PRIOR to assembly. If we arrive on the scheduled date to find the site is not ready and we are forced to return on a later date, A RETURN TRIP FEE WILL APPLY.)

SCHEDULING

- Installation date is scheduled by Better Built Barns. Lead time is 2-3 weeks and may extend in busy seasons.

DELIVERY

- The customer is contacted for confirmation 3-6 days before install and on the morning of the install date.
- Builders should arrive at the customer's site for install between 9:00-10:30 AM on the install date.
- Better Built Barns will not send out a job if we have not been able to make contact with the customer to confirm.
- If inclement weather prevents delivery, arrangements will be made with the customer for the next available date.
- If the customer needs to reschedule, they should call the store where the building was purchased at least 5 days before their scheduled date.

PAINTING

- Caulking and painting must be done within 90 days of construction. Doors must be painted on both sides and all 4 edges. ALL horizontal, vertical, and diagonal trim should be caulked. Caulking/Painting are not included and are the responsibility of the customer.

BUILDING PERMITS AND APPROVALS

Customer is responsible to:

- Check with the local authorities to determine if a building permit is required and pay any associated costs.
- Check with their zoning authorities for building restrictions, neighborhood association CC&R'S, and review his/her deed or private contractual arrangements for any additional restrictions.

REFUNDS

- Refunds will be processed by the merchant where the order was purchased.
- Payments made via credit card may be subject to a 2% processing fee when refunded.
- Refunds may take up to 30 days for processing.
