

INDEPENDENT LIVING

Text Size +++

More for your active, social, secure life.

It's time to reward yourself: no more yardwork, no more housework, no more home maintenance. Enjoy life; explore more opportunities, make friends, or just sit back and relax. We are here — to make sure your life in your new home is more than you thought it could ever be.

Explore events, clubs, recreational and fitness facilities. Make new friends over lunch or a casual latte. Experience a beautiful 20-acre campus in East Dallas near White Rock Lake — where nature's beauty, and the time to enjoy it, come together. Take advantage of offsite excursions and shopping. This is just the beginning.
