PRESIDENT'S NOTE

WELL SO FAR I'M STILL HERE !!!! It has already been a busy beginning of 2020. We are making plans for the year, looking at our budget, events, trips, recruitment of new members, updating our processes, etc.

We are looking at a "Log Cabin" workshop this month, which the ladies have shown an interest in; along with setting up some presenters that members will have an interest in. If you know of someone/something you feel would be good for us in our endeavors, please contact one of the Board members and we'll see what we can do.

Remember, if you have any quilting or sewing items you feel you no longer need, our "Donations Table" is dwindling down and could do with some replenishing.

I feel that this year, the new Board will continue to strive in making our Guild a viable asset to the community.

Hope I didn't scare you at our first business meeting, as I tend to get a little too enthusiastic, sometimes. HA! HA!! HA!!!

Janice (Jan) K. Brock – President

CRAFT IN AMERICA

Here you can find different techniques and presenters from across America to keep your own artistic brilliance flowing.

Thank you Karen Sue for sharing with the group.

A note from Judy W

To all the beautiful women I know...hope this makes you smile. The following was written by Audrey Hepburn who was asked to share beauty tips.

For attractive lips, speak words of kindness.

For lovely eyes, seek out the good in people.

For a slim figure, share your food with the hungry.

For beautiful hair, let a child run his or her fingers through it once a day.

For poise, walk with the knowledge that you never walk alone.

People, even more than things, have to be restored, renewed, revived, reclaimed and redeemed; never throw out anyone.

Remember, if you ever need a helping hand, you'll find one at the end of each of your arms.

As you grow older, you will discover that you have two hands, one for helping yourself, the other for helping others.

The beauty of a woman is not in the clothes she wears, the figure that she carries, or the way she combs her hair. The beauty of a woman must be seen from in her eyes, because that is the doorway to her heart, the place where love resides.

The beauty of a woman is not in a facial mole, but the true beauty in a woman is reflected in her soul. It is the caring that she lovingly gives the passion that she shows.

The beauty of a woman grows with the passing years.

If you share this with another woman, something good will happen - - you will boost another woman's self-esteem, and she will know that you care about her.
