- FFA Members deliver prizes to winners of each contest.

What is FFA?

The National FFA Organization is the largest student run organization in the nation. In 1988, the name changed from the Future Farmers of America to the National FFA Organization to reflect the growing opportunities in the agriculture industry. Today, FFA is a growing organization open to any student enrolled in an aricultural education course. Members are given opportunities to gain leadership skills, travel, receive scholarships, explore careers and expand their knowledge of agriculture.
