

# Owens' Newest Line for 1961!

## THE WORLD'S MOST MODERN BOWS . . .

**ALL ENGINEERED-DESIGNED!  
ALL CUSTOM-MADE TO YOUR ORDER**

Archery's most advanced designs . . . for true balance, stability, speed! All made with the finest compressed rock hard white maple tapered laminations and with the new stronger Owens Perma-Glass. Each bow has a big 8" sight window . . . and each CUSTOM-MADE to your order, with your name imprinted on the bow. SEE YOUR DEALER NOW!

(A) Owens Clad 70". 5 years ahead of the field in design. Owens Perma-Glass backing and facing, with .002 of high-lustre, gold-colored copper for added strength, stability and beauty. 70"—\$85. Also 54", 60", 66"—\$75.

(B) (C) Owens 70" with INLAID WINDOW. Masterfully crafted! Most advanced laminated handle with Game head actually inlaid into it, with contrasting wood and glass. 70"—\$85. Also 54", 60", 66"—\$75.

(D) Owens Turk "100". After 2 years of success with this advanced design, another great development! Now the Owens Turk 100 has a full 85° recurve for added speed. To insure the stability of the bow, the base of the limbs measure approximately 2/4" wide. Secretly tested for the last 8 months and proven to be one of the most outstanding bows produced by Tri-State! Length 68"—\$100.
