

## WELCOME TO OUR PRACTICE!

Dear New Patient, we are pleased that you have chosen us for your dental care today. At your first appointment, Dr. Hassler will complete a comprehensive oral examination. This includes a complete review of your medical and dental history, all necessary x-rays, an oral cancer screening, and an examination of your teeth. Following this exam, your dentist will discuss their findings with you, and make any necessary appointments. Our office administrative staff will confirm and verify your insurance coverage, and develop a treatment plan that you are comfortable with, and explain the benefits within your plan to the best of their ability.

Payment is expected at the time of each visit; please note that our office is **OUT of NETWORK** with ALL insurance companies. If you are covered by a PPO policy, as a courtesy we will file the claim on your behalf with your dental insurance, we will expect payment of your portion **ONLY** at the time of service unless prior arrangements are made.

Please know and understand your insurance coverage is **your** responsibility.

- Each year you have a deductible that must be met. **YOU** will be responsible to pay your deductible, or copayment at the time of your treatment.
- Please read and understand your insurance benefits **BEFORE** your appointment and keep your explanation of benefits statement from your insurance company.
- If you would like to finance your dental expenses we work with CareCredit and will be glad to provide you with information about CareCredit and how to apply.

If you have any questions about finances please feel free to ask us at any time. We very much appreciate your confidence in us and look forward to meeting with you!
