Friends & Neighbors:

Summer is upon us. We, once again, are able to renew our friendships and meet our new neighbors.

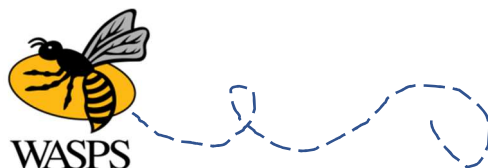

“And so, with the sunshine and the great bursts of leaves growing on the trees, just as things grow in fast movies, I had that familiar conviction that life was beginning over again with the summer.” By F. Scott Fitzgerald.

We, too, hope for that new beginning all over again. Enjoying our friends, making new ones and putting differences of opinions behind us.

And remember, it's Summer. Memories are just waiting to happen.

A BUZZY NUISANCE. - The main difference between bees and wasps is that bees feed their larvae pollen, while wasps, yellow jackets and hornets nourish theirs with insects. That means that wasps are actually great to have around the garden because they control nearly all types of pests. Despite all the ways wasps can benefit your yard, wasps can still sting and cause an allergic reaction. Before they build a nest that's a little too close for comfort it's time to do something. Consider one of these methods:

Sprinkle some cinnamon powder over their nests to repel them. There are several herbs have been shown to repel wasps and other insects too. They include: Basil, Lavender, Lemongrass, Lemon thyme, Mint, Rosemary, Bay leaves, Chives, Dill, Fennel, Lemon balm, Oregano, Parsley, Thyme. And finally, for a quick solution use a solution. According to Chris Walker, an eco-friendly wasp removal expert in Southeastern Pennsylvania, you can tackle small hanging nests with a mixture of about two tablespoons of dish soap in a spray bottle filled with water.

Keeping Leisuretime Beautiful!

A tremendous thank you to all the wonderful people that were able to volunteer their time to help with the spring clean-up. Being a volunteer is often difficult and not everyone has time or interest. Looking Good Everyone!

Dim the Lights Please

The city of Cascade's Outdoor Nighttime Lighting Ordinance is intended to maintain the rural character of Cascade, in part by preserving the visibility of nighttime skies, and to minimize the impact of artificial lighting on nocturnal wildlife. This diagram is for anyone interested in what type of lighting is the better choice.

Independence Day is a time to be thankful for our amazing country and quality of life. It is so much more than a day off from work - it's a day to remember those who have lived before you and what they endured, lived through and fought for so that you can be where you are today. Independence Day is an American holiday because of what it means about the present.

"Keep your face to the sunshine and shadows will fall behind you"

-Walt Whitman

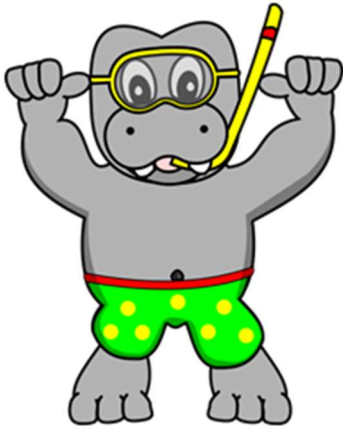

"I've learned that people will forget what you've said,

people will forget what you did,

but people will never forget how you made them feel."

-Maya Angelou-

THE LIST OF ITEMS YOU CANNOT FLUSH INCLUDES ANYTHING AND EVERYTHING THAT IS NOT TOILET PAPER.

Despite the many branding claims that products are flushable not a one can be disposed of in the LTRVP sewer system without causing damage and costly repairs. The parks sewer system is designed to only handle toilet paper. Please inform your guests and renters too.

**HELP SAVE THE PARKS' FUNDS
FOR MORE ENJOYABLE PROJECTS!**

Friendly Reminders for Frequent Concerns

PLEASE SLOW DOWN to the 10-mph posted in the park! It's slower than you realize but appreciated more than you know.

Be a good neighbor and **keep your dogs on a leash and pick up after them.** Make sure your tenants know to do this with doo too.

Abide by the **state laws regarding underage children riding on ATVs/UTVs.** And **all drivers in the park must be legally licensed.**

Please break cardboard down flat before putting in the cardboard only recycle dumpster.

HOUSEHOLD GARBAGE It's in the BAG!

Household garbage should fit into a 33 - gallon garbage bag or smaller.

Items larger than this is **NOT** household garbage and is your responsibility to dispose of elsewhere.
