

May 1, 2020

Hello Poland Swim Club families. I am writing to you during uncertain times. Typically, in May our club begins the transition to the fun-filled pool that you have all come to know and love. However, the spring of 2020 has been anything but typical. We, the PSC Board, are closely following all the local, state and national news outlets with regards to the Covid-19 virus. This letter is our collaborative announcement at this time. It seems the only constant is the uncertainty.

Governor DeWine was asked about pools and summer camps last week at his press conference, but no direct resolution was verbalized. In fact, swimming pools, unfortunately, are not currently listed with startup dates. So, that begs the question, will we open this summer? The simple response is that we are unsure. We remain highly optimistic for the 2020 season and preparations have begun to ready the pool and grounds. However, the PSC open date remains unclear and elusive.

Please know that an unprecedented event such as Covid-19 will bring changes to every-day pool life. As a board we are already making plans for these potential changes as the season approaches. We know communication with the members will be key. Email blasts and social media updates will occur often. Please be sure your current email address is up-to-date in our system, and follow us on Facebook. You can also sign up for Remind text message updates. (Simply text @psc2018 to 81010 to be added to the text message list.) Please feel free to contact any board member with questions or to update your contact information in preparation for the upcoming season. We appreciate your patience and understanding. In the meantime, please stay safe and healthy.

Sincerely,

Todd Henderson
President, Poland Swim Club Board
