## PLEDGE

As a Merit Badge Counselor, I understand that the Merit Badge Program is designed to "provide a youth self-confidence by overcoming obstacles to achieve a goal."

I agree to maintain the intent and philosophy of the Boy Scout Merit Badge Program. This includes having the Scout satisfactorily complete all the requirements, as stated—no more and no less.

I further agree to maintain these standards by requiring the Scout to initiate the contact by telephone or in person prior to working on the badge. A Scout must have a buddy with him at each meeting with me. A Scout's buddy can be another Scout, a parent or guardian, a brother or sister, or a relative or friend. If several Scouts are working on a merit badge at once, I will review each Scout individually to ensure completion of the badge's requirements.
