Sewer charges as of the September 2011 billing (Customers receive the sewer increase on the bill they receive in October 2011 & due by October 10, 2011) and the rest of the 2011 year will be figured as follows:
 Residential sewer charges will equal the average monthly water usage billed in November and December 2010 and January, February, March and April 2011 of the multiplied times the sewer rate that applies to the Residential user. Industrial and Commercial sewer charges will equal the average monthly water usage billed the preceding 12 months multiplied times the sewer rate that applies to the Industrial or Commercial user. Thereafter, residential sewer charges will equal the average monthly water usage billed in Jan., Feb., Mar., Apr., Nov., and Dec. of the preceding year multiplied times the sewer rate that applies to the Residential user. Industrial and Commercial sewer charges will equal the average monthly water usage billed the entire preceding year multiplied time the sewer rate that applied to the Industrial or Commercial user.
