Bob Walker has been busy changing the lights throughout the building. Had a water pipe break at the faucet outside the front door. Faucet has been replaced and the pipe fixed in the ceiling of Koch Hall. An access panel will be put in the ceiling so there will be access if a pipe breaks in the future. Trustees are in the process of obtaining bids to clean, repair, resurface and redo parking areas in the parking lot. Continuing to look at building security. Hedge has been taken down, looking at increasing lighting on the outside of the building possibly look at building cameras.

Short discussion concerning Building use. As the mandate for masks ease up will look at resuming building use by the groups that have used our building in the past. April 1 to mid-April will hopefully be a time to resume. Wish to be cautious of our reopening.

Wes Tanac volunteered to get together with Larry to help identify members of the congregation who would like to focus what we want to do for a 40-year celebration. Goal is to have a group of people meet and come back in April with some ideas that could be implemented. Discussion also arose concerning the need to look towards the next 40 years. Will look at this more in the next meeting.
