*'They said to one another, Come, let us make bricks and burn them thoroughly. And they used brick for stone, and they used tar for mortar. They said, Come, let us build for ourselves a city, and a Tower whose top will reach into Heaven, and let us make for ourselves a Name, otherwise we will be scattered abroad over the face of the whole Earth. The LORD came down to see the city and the Tower which the sons of men had built.'* –Genesis 11:3-5

The purpose of this illustration is to depict the 'modern' *Tower of Bebel* that is yet to be completed by the *Builders* of Lucifer. The precepts of the Tower is said to be started by the 1st Mason, Nimrod. He was the great-grand son of Noah after the Flood. Nimrod wanted to rule the world under his authority and word in defiance to YHVH's commandments. The same concept is made current in an attempt to unify Europe by the same *Spirit of AntiChrist* forces that currently rule the world. The *European Parliament* is headquartered in Strasbourg, France.

It is modeled after the *Bruegel* painting of the unfinished tower of Nimrod who personified the 1st type of the AntiChrist to come and will in the Last Days. This is to occur as soon as Lucifer's *Builders* have completed their *Great Work*. The core of the city is presented to model the Cydonia, Mars pyramid complex. The Cydonia, Mars complex of structures consists of the Pyramid City, the Face of Mars, and a Pentagon. Interestingly, these same corresponding landmarks are found in the city housing the unfinished 'Tower of Babel'. The corresponding structures in Strasbourg, France are the *Cathedral of Notre Dame*. This encompasses the oldest part of the city and corresponds to the Pleiades configuration.

The Church would also naturally be associated with the overtones of the church Menorah of the book of Revelation and the 7 Churches of Asia. Interestingly, the cathedral houses the famous astronomical clock. The *Stade Meinau* would correspond to the Face of Ala-lu. The Pentagon structure would correspond to a waterway convergence that forms a perfect triangular pentagram. The following are various numerical values of the modern 'Tower' that are pegged to the ancient one in the Plains of Shinar and the Great Pyramid. It would appear that the numerology encrypted in the 'unfinished Tower of Nimrod suggests the Masonic signatures of the Seal of Solomon and that of the reverse side of the U.S. seal.
