The Historical Society is encouraging residents to submit flag design to commemorate Lions Bay's 25th anniversary of incorporation in 1996. The entry box has been moved to the post office where it will be more accessible for participants. All of the newspaper clippings have now been sorted and filed in the archival filing cabinet! Thank you to Bernice Pullen, Sharon Dalrymple and Diana Langford of the Village Office for collecting and donating them as the 'foundation' for the archives. Members will peruse local papers to keep the collection up to date. The office also donated some photographs of community events and they will be processed for the archives. Photos of past councils are being sought for display in council chambers. Anne Page will send a letter to past elected officials requesting photos. Trudy Luethy is compiling a list of past residents. A letter will eventually be sent asking for memories of Lions Bay. Does spring seem like a good time to meet your historical committee? Drop in for coffee at our next meeting, Monday, May 15th at 7:30 p.m. in the library.
