

National Planning Policy Framework 2018

Published at long last. The revised National Planning Policy Framework (NPPF) sets out the Government's planning policies for England and provides a framework within which locally-prepared plans for housing and other development can be produced.

Details on the new NPPF can be found here;

<https://www.gov.uk/government/collections/revised-national-planning-policy-framework>

The Bromsgrove District Plan (adopted January 2017) is at the start of a review process and will provide a long term vision and strategy to meet the future needs for homes and employment across the District. It is important for everyone to have the opportunity to get involved and have their say on local issues that affect or interest them.

The first stage of the consultation will be seeking your views on the Issues & Options that you feel need addressing for the Plan. Subject to Council approval, the consultation will take place at the end of September and will run for 7 weeks from the 24th September 2018 until the 12th November 2018.

Details on the Local Plan Review can be found here;

This consultation will be important in defining the shape of our communities in the next few years. Belbroughton and Fairfield parish council will endeavour to keep parishioners updated on developments. Enhance the process with public meetings and help communicate these views in an effective and positive way.

Be active, be aware, and become involved. Help shape your community for the generations to come. Your Parish Council will be helping to bring this process near to you by organising public meetings and consultations.

The PC's own website and other local media sources will keep you informed
