

## Change to TWGA Bylaw Re: Handicaps

After discussion, the Texoma board decided to waive Texoma Bylaw Article VII - Handicaps Section 1: members must use their home course handicap index to play in Texoma WGA. The Board will discuss this at the next meeting to determine if this is a permanent change.

Basically, for 2024 if the players are members of a league within Texoma, it does not matter where they pay their GHIN dues. This has come about because leagues like Westridge and Watters Creek do not require members to purchase GHIN through the club.

When you're looking up players to determine their course handicap, if you use their GHIN instead of their name, you should find everyone, whether their GHIN is from Texas or elsewhere. if there's an issue, contact the club rep for further information.
