Contact us for large ongoing bookings to discuss a tailored package	 <p>Employees remain at their workstations – and our therapists make their way around the office providing blissful stress relief. These massages focus primarily on the upper back, neck and shoulder regions. This reduces tension and improves overall well-being.</p>	 <p>Re-energise and rejuvenate with a massage in an ergonomically designed massage chair. This option allows for a comprehensive treatment of the back, neck, shoulders, head and arms. The benefits of this treatment are immediately noticeable, with elevated state of mood and mental clarity.</p>	 <p>Rejuvenate completely with a full body relaxation massage –without ever having to leave the office. This option allows you to enjoy the maximum physical and mental benefits of a traditional massage, with minimal downtime. Rejoov will bring the complete spa experience to your office, providing comprehensive private treatment in a relaxing or therapeutic fashion.</p>	 <p>Employers remain at their workstations or sit in an ergonomically designed massage chair provided by us. Contact us for our rates and proven simple and effective ways to implement this in your work place.</p>
