

ARCHITECT I / PROJECT ARCHITECT II – Boise Office

CSHQA, is seeking an **Architect I / Project Architect II** to join our team in Boise, ID. As a motivated and creative **Architect I/II** at CSHQA, and in partnership with Senior Architects and the Project Manager, you are responsible for the issuance and content of deliverables, technical content of documents and coordination of disciplines including consultants. You will collaborate with other design and construction team members to develop appropriate design solutions and then to implement those design solutions from initial conception through the construction documentation and administration process for multiple projects. You should possess strong knowledge of design, trends, and construction administration. Strong communication skills and the ability to take artistic and technical direction with a positive attitude will be key to your success. It is expected that you will be able to work independently and creatively solve problems while also collaborating with a team.

Along with strong communication, organizational and team work skills, this position requires Architectural Licensure, a minimum 5-8 years graphic and/or design experience including managing projects, working knowledge of AutoCAD, Revit and all Microsoft Office applications.

Included with our competitive salary and benefits package is not only an opportunity to join an employee owned company, but an opportunity to join an award-winning full-service design firm with a culture that inspires personal and professional development in a positive, creative and stable work environment.

Candidates may apply for this position by submitting a cover letter, resume and completed CSHQA application, which can be obtained from our website www.cshqa.com to hr@cshqa.com.

CSHQA is an Equal Opportunity Employer W/M/Vet/Disabled.
