

Summer Meals Site Supervisor

The Des Moines Area Food Bank serves a community where a majority of students rely on free and/or reduced-price meal services during the school year. The food bank's summer meals program ensures that these children and teens are fed over the summer when they do not have access to those free and reduced-price meals. Also, through activities we host at the sites, we help promote an active mind and healthy lifestyle to youth who may not have the opportunities to attend a summer program.
