

Good Samaritan Hospital Medical Center

Catholic Health Services

At the heart of health

Beatrice Haas

December 31, 2018

Dear Beatrice,

The Child Life Program of Good Samaritan Hospital would like to join with the Department of Pediatrics, the patients, their parents and family members, in thanking you for your very generous and thoughtful donation to our children. You helped to brighten the hospital stay of our children and “Jacie’s Kids” toy drive was the highlight of our Christmas season.

Community support for hospitalized children and families is the best medicine of all! By generously donating toys, books, games and other gifts, you help to entertain and comfort children during their hospital stay. Your gifts are not just used at Christmas, but also throughout the year for therapeutic play with a Child Life Specialist, as birthday presents for patients, as rewards after completing a test or procedure, and simply as relaxation and distraction for a child struggling with illness and hospitalization.

Your thoughtfulness makes so many children smile and brings the best of the season to children who are struggling with illness and hospitalization. We deeply appreciate your commitment to Good Sam. As you know we consider our community donors to be integral to our ability to touch and enrich the life of each child we meet. You have created a beautiful tradition and we thank you for joining with us to make hospitalization easier for children and their families. We have found true friends in you and your organization. We wish you and yours a very happy and healthy holiday season.

Sincerely,

Kate Fenton MBA, CCLS
Director
Child Life Program
