During the summer months many students lose knowledge and skills.

Our summer program helps them to retain critical academic concepts in language arts, math and science. They will enjoy a variety of educational activities, crafts, music, dance, projects, and excursions in an engaging learning environment.

- Smaller class size
- Hands-on multi-sensory learning
- Appropriate dress code
- No bullying zone!
- Remedial work in math, language arts (phonics/reading), science.
- Caring and healthy relationships
