Package Pricing Details

All package pricing calculations are based on the following: Each Package includes the listed fabric section in quantities shown. Hardware components listed or based on the wall to wall dimensions being 20' longer than the total length shown for the system. Vertical Drops are assumed to be 8 feet in length and one per each ten foot duct section listed. All Fabric Sections are in the color Gray only with MeshFlow Vents located at 4:00 and 8:00 O'clock shipping from stock. If you have requirements that can not be met by one of these packages or you need a different color you will need to request a quote for your exact needs. Contact your local Zip-A-Duct Rep or the Zip-A-Duct Product manager for additional assistance.
