A brief newsy letter while the major 2010 epistle remains in process . . . So we are so glad to have turned in my (Will's) Permanent resident permit application (PRP) this past week after fingerprints in Lilongwe and and and and. It is now a 4 month wait while they decide whether we are suitable to stay. At 2000 USD per person for a PRP we thought it prudent to place Pam under my name for no charge. I have asked for consideration due to the input we have had the last 8 years, out of appreciation for those of you who have so faithfully supported us in what we have and are doing, but would consider it a miracle if there is any reduction. \O/ We can hardly imagine it going thru without difficulty even though there have been so many lives saved and children's lives changed. The major impact on the area from the staff we employ and and but we do have an enemy and the name of our district is Nsanje (means jealousy). **Please pray for favor and clear accurate untainted information for the decision makers. Pray for discernment as to accuracy and truth in any past or present reports in regards to us and or our efforts.**

Jan 4 our angels Brad and Lela (who have been holding the fort while we wandered about) left for Australia and Jan 18 saw our other angel , Anna return to Germany. Mary is doing the Blantyre Baby House so well. We have a Malawian couple in mind to live at the Blantyre house and supervise so welcome your prayer for selection process..\O/ Mary then to Bangula, GREAT!

Feb 7 Three little boys came to us, their father died 2 yrs ago, the mother died last april and an Aunt has tried looking after them however it was too much.

Feb 10 We received two little girls. Last year about this time we attempted to assist them. They have since then, been eating at a day feeding center and staying with the employer of their deceased father and mother, He did not want them but there was no other place for them and no relatives. We were told another children's home in Blantyre would take the children. Well the short of it is they are now with us. Can you imagine their thoughts?

Feb 10 ... Then today a seven day old little baby girl, Aisha, she is so tiny, seems well, her mom's funeral is tomorrow. Mom a Christian and Dad a Muslim and a Holy Spirit connection with Dad . So thank you for your care, and prayer it is so important. With much love Will n Pam

ROAD TIPS: This is how you tie up a ball joint which has fallen off (after being checked the day before by mechanic) Poppa's grace had it happen after we were down the 3500 ft escarpment (complete with major hairpin turns) By the way when you hear a bang and the car slides to a grinding halt with wheel jammed against fender and crooked.. you know it is a ball joint problem all u need is a jack some chain n Prayer..Hmmm especially prayer :) on u go 30km.
