

RETROGRADE OF MARS 1966-1967

PROPHETIC ALIGNMENTS OF ISRAEL'S CAPTURE OF JERUSALEM

The purpose of this illustration is to consider the dates surrounding the statehood of Israel 1948, the recapture of Jerusalem in 1967 and the start of the Tetrad in 2014. The dates surrounding the statehood of Israel 1948, the recapture of Jerusalem in 1967 and the start of the Tetrad in 2014 all have a Retrograde of Mars associated to prophetic events. The Retrograde of Mars occurred in Mars during Israel's declaration of independence.

The 2 other Retrogrades occurred in Virgo that are associated with the Temple Mount. The Temple Mount was captured by Israel in 1967. Likewise, the Retrograde also occurs in Virgo on the 1st Blood Moon of the Tetrad starting on Apr 15, 2014. The first 2 prophetic events occurred on Pentecost, as some have calculated time. Will the 3rd event occur on the eve of Pentecost June 7, 2014 also be prophetic?

1966

Nov 17: Mars enters Virgo

1967

Jan 20: Conjunction at Spica

Mar 10: Start of Retrograde

Apr 20: 'impregnates Virgo'

May 20: Conjunction with Moon

May 28: End of Retrograde

From start of Mars Retrograde to end
Mar 10, 1967 to May 28, 1967
= 80 days or 2 months 19 days or 11 weeks

A RETROGRADE

In astronomy, a retrograde is the appearance of a celestial object, in this case, planets moving backwards against the sky. This is an effect based on the relative difference in speed of the planets as they revolve around the Sun. As the orbits are circular around the Sun, inevitably, some planets will pass others and in the process 'appear' as though the planets are moving 'backwards' for a time before moving forward once again. For example, Mercury will have a very prominent Retrograde in-between the time of the Tetrad of 2015.

THE GOD OF WAR

In the 2 times of Israel's Independence in 1948-1949 and in the recapture of Jerusalem, there was a war that determined a favorable outcome for the Nation of Israel. The Planet Mars was in the 'Sign' in the Heavens that coincided precisely with the prophetic dates in Israel's modern history.

1. The War of Independence
2. The 6-Day War

Since Israel's independence, there have been numerous wars with its Muslim neighbors and on-going skirmishes but If the Retrograde of Mars and parallels the beginning of the Tetrad 2014 could see a similar war with Israel that will see

1. a favorable result for Israel,
2. possible expansion of Lands and
3. the inevitable rebuilding of Temple
