

Early Intervention Social Work Services

The Branch Family Institute

Provides a variety of services geared to the special needs of children and their families. Services provided may include, but are not limited to: ~Consultation in the areas of parent and child interaction, ~family dynamics, ~mental health issues, ~child neglect and domestic violence, ~and crisis intervention. We also provide consultation with Early Intervention therapists related to infant and toddler development and family needs. Our clinical Social Workers help to assure a comprehensive family-centered approach to early intervention.

Program Mission

To assist families with ways to incorporate learning opportunities into their everyday routines. We work with families to find the right supports and connections to make their child successful in life.

Specializes In:

- Micro premature infants/toddlers
- Intellectual, Social, and Emotional delays
- Autism
- Spanish speaking therapist
