SECTION 1407 October 2017 Newsletter

www.lost40brewing.com

We hope you are able to JOIN US ON Tuesday, October 10, 2017 at Lost 40 Brewing Company in Little Rock for our first member tour of the year. The tour/meeting will begin at 6 PM with the brewery staff showing us their facility. We are excited that their facility now includes a quality control testing laboratory that will be part of the tour. If you missed the last time we toured this facility, you missed a very informative and fun meeting. Don't miss out this time!

September Meeting

Howell Foster, Pharm.D., September Speaker

If you missed our meeting in the 12th of September at the Oyster, you missed a great presentation about the Arkansas Poison Control and Drug Information Center by their Director, Howell Foster, Pharm.D. Dr. Foster gave an informative presentation about the center and how it fits into the national centers for poison control and drug information. He discussed several of the statistics that they collect and share among centers and how they determine the quality of the data. Dr. Foster also took questions from the membership about how the staff at the Poison Control Center are trained and how they provide information to hospitals and other healthcare providers in the state. It was a great presentation and great meeting.
