RULES FOR DIVISION I HORTICULTURE ENTRIES

1. This show will be governed by the standard rules and regulations of the American Rose Society. The final authority for a rose show is its own schedule, which should be followed as published.
2. Competition is open to all rose growers regardless of residence unless otherwise stated in this schedule. Judges judging show may enter in all horticultural classes.
3. Exhibitors need not be members of any rose society, unless otherwise stated in this schedule.
4. All exhibitors must be signed in at the classification table and receive an exhibitor's number. This is necessary for tabulation purposes
5. All specimens entered in Divisions I must have been grown in the exhibitor's private outdoor garden. Only one person or team from any one garden may make an entry in a class. Duplicate entries (both) shall be disqualified.
6. Judges may enter any class in Division I (Horticulture) Sections A and B, but may only enter the Judges classes in Division II (Design) and Division III (Photography).
7. Vases for specimens will be provided in Divisions I unless noted.
8. No foreign materials other than clear plastic wrap are to be used as wedging material for supporting rose stems. Discretion in wedging is advised to avoid distraction from the rose. Neither green Styrofoam nor water-soluble florist's foam are permitted.
9. Entry cards are provided by the Society. They should be filled out by the exhibitor, top & bottom attached to vases with rubber bands and left unfolded for classification.
10. Classification of roses will be in accordance with the latest edition of Modern Roses, the ARS Annual, the Handbook for Selecting Roses, the Combined Rose List or the New Rose Registration listings in the American

Rose magazine current to the date of the show. All specimen roses exhibited must be entered under their approved ARS exhibition names. Though not desirable, commonly accepted abbreviations of names are acceptable.

11. Except for Challenge Classes and Collections, the placement of exhibits on the show tables will be handled by the placement committee working from the classification table. No exhibitors, other than those preparing designs or placing Challenge & Collection class entries, will be allowed on the show floor during placement.
12. Judging will be in accordance with the current edition of the American Rose Society's Guidelines for Judging Roses, and will begin at 10:00 a.m. Only judges, clerks and necessary show personnel are permitted in the show area during judging. Decisions of the judges are final.
13. First, second, third, and honorable mention ribbons may be awarded in each class on the basis of quality in the opinion of the judges. Only blue ribbon winners are eligible for trophy awards. No award is required to be given for any entry or class.
14. Traveling trophies which are the property of the Denver Rose Society must be available at next year's show. **Traveling trophies won by non-members or out of town individuals will have the winners' names engraved on them and will be retained by the Denver Rose Society.**
15. Certificate, awards, and other properties must be claimed at the close of the show. Exhibitors are to remove their own specimens. Abandoned specimens will be given away or discarded.
16. The Denver Rose Society and the Denver Botanic Gardens are not responsible for the loss of personal property or for injury to persons attending the rose show. **Liability of all nature is disclaimed.**

HORTICULTURE DIVISION I DISQUALIFICATION

Horticulture entries can be disqualified for the following reasons:

1. Entry misnamed, unlabeled or mislabeled, or entered in the wrong class. **Judges please note: Although correct spelling is highly encouraged,**

misspelling does not constitute misnaming or mislabeling. Corrections may be noted on the back of the entry tag.

2. Stem-on-stem. A rose may not be exhibited with a portion of the previous stem growth attached. Old garden roses and shrubs are **not** subject to the stem-on-stem rule. Lateral bloom sprays are also exempt.
3. The presence of foreign material applied to the foliage, stem, or bloom to improve the appearance of the specimen.
4. Not disbudded. Any class calling for one-bloom-per-stem must be exhibited without side buds. A side bud is defined as growth emanating from a leaf axil having sufficient maturity to display the formation of a stem without flowers or buds. **Judges please note: the presence of one or more immature leaflets or leaves at the leaf axil with no evidence of a stem is cause for penalization, not disqualification.**
5. A specimen in violation of ARS or show rules.
6. A specimen not registered with the ARS except seedlings and sports.
7. The appearance of the exhibitor's name on any location other than the designated place on the entry tag.

SCALE OF POINTS FOR SPECIMEN ENTRIES

FORM	25 points
COLOR	20 points
STEM and FOLIAGE.....	20 points

The bloom should be symmetrical in form and be typical of its variety. Color and size of the bloom should be typical of its variety. DIVISION II – DESIGN

All arrangers must make class reservations by 8:00pm, Thursday, June 28, 2018. Please contact Carol Macon at carol@maconsys.com or (719) 576-7626. American Rose Society Medal Certificates may be awarded to arrangements using fresh roses grown by the arranger only (mark entry cards AG for arranger-grown roses in the upper area of the card).

RULES FOR DESIGN EXHIBITORS

1. Designs will be placed by the arranger between 7:00 and 9:30 a.m. on June 30th 2018. All entries and awards must remain in place until 4:00 p.m. on that date.
2. General rules of the show in the horticulture schedule shall apply to the design entries where applicable. By entering this show given under American Rose Society rules, exhibitors agree to abide by those rules.
3. The Arrangements Division will be judged in accordance with the current Guidelines for Judging Rose Arrangements, published by the American Rose Society, and available at www.rose.org. The decisions of the judges are final.
4. All designs must be the original work of the arranger.
5. All classes are open to all arrangers except the novice, junior and judges' classes.
6. Only one entry per exhibitor is permitted in each class. More than one exhibitor from the same garden may enter the same class
7. Designs will be judged in the class in which they are placed. It is the responsibility of the arranger to ensure correct placement.
8. Only the arranger may touch or move a design. If a design must be moved, and all efforts to locate the arranger have failed, the Arrangements Chair may carefully move it.
9. All roses used in the design should be correctly identified with their approved ARS Exhibition Names on the entry tag or an accompanying 3"x5" card, with penalization incurred for unnamed or misnamed roses, relative to the number of roses involved. An accredited ARS judge will verify the varieties used. Entry tags must be completed in full.
10. Only those arrangements using arranger-grown, fresh roses are eligible to receive American Rose Society Medal Certificates. Entry tags shall be marked "ARRANGER-GROWN" or "AG" on the upper part of the entry tag if the roses used in the arrangement were grown by the exhibitor.

11. A 3"x5" card with a brief interpretation of the design as it relates to the class title may be placed with the design, but is not a necessity.
12. All roses must be outdoor, garden grown roses and be of high quality. The use of commercially grown roses will cause a design to be disqualified. Other fresh plant material may be outdoor grown or purchased. Other flowers may be used, except as specified by the schedule, but roses must be the dominant flower interest in an arrangement.
13. Dried or contrived plant material, decorative wood, exhibitor-furnished backgrounds, underlays, and accessories are permitted in a design except where prohibited by the schedule.
14. No treated or painted fresh plant material is permitted in a design, and the use of artificial plant material will cause a design to be disqualified.
15. No flower appearing on Colorado's conservation list may be used in any design. Use of the American flag or the flag of any other country is not permitted in any design. Use of live creatures is also not permitted.
16. Only roses classed as miniature or miniflora roses by the ARS may be used (in addition to other material as desired) in the section for miniature and miniflora designs if permitted by the schedule.
17. The size of a design using miniature and/or miniflora roses will be based on a cube, using height, width, and depth as the dimensions to be measured, as specified by the schedule. Underlays and backgrounds MUST be within the size limit of the class, as determined by the schedule. Miniature/miniflora designs may be placed on raised bases provided by the show committee; the bases will not be considered as part of the arrangement.
18. Standard designs may be no more than 30" wide and 30" deep unless otherwise noted in the schedule. There is no restriction on the height of standard designs, with the following exception: the Duke class has a limit of 20 inches in any dimension.
19. If possible, standard designs will be placed in front of a neutral wall or on an open table. The exhibitor has the option of providing a background of his or her choice. Care should be taken that the background does not impinge on another exhibitor's allotted space.
20. A novice shall be defined as anyone who has not received an award in the design division of an ARS rose show.
21. A junior shall be defined as anyone 18 years of age or under.
22. Blue ribbon winners must score 90 points or higher. To be eligible for American Rose Society awards, arrangements must score no less than 92 points. Only blue ribbon winners are eligible for American Rose Society certificates.
23. Arrangers' names should be placed on the bottoms of vases, containers, etc. All reasonable caution and care will be taken, but the show

committee, the Denver Rose Society and Denver Botanic Gardens will not be responsible for loss of or damage to property. The exhibitor assumes all liability.

There are only two causes for disqualification of an arrangement:

1. The roses were not grown outdoors, for example, using roses from a florist.
2. Using any type of artificial material in an arrangement, for example, silk or plastic leaves.

SCORECARD FOR ARTISTIC DESIGNS

CONFORMANCE: 5 points are assigned per category for a total of 15 Points.

1. The roses in the design must be correctly named.
2. The design must conform to the type of design required in the class.
3. The design should conform to the theme of the class and to other specific requirements of the schedule.

USE OF DESIGN PRINCIPLES: 5 points are assigned per principle for a total of 30 points. These six design principles are Balance, Contrast, Dominance, Proportion, Rhythm and Scale.

1. Balance – Both physical and visual stability should be evident. Balance should be featured front to back, side to side, top to bottom, and may be either symmetrical or asymmetrical. Balance should be achieved within the design as well as the outline.
2. Dominance – The stronger effect of one or more of the elements in a design. Dominance is observed in color, shape, forms, etc. Roses must be the dominate flower.
3. Contrast – The use of unlike qualities or elements to emphasize difference. Contrast is achieved by the use of color, shapes, and texture in any or all components.
4. Rhythm – A visual path through a design. Rhythm may be achieved through repetition of colors, shapes and sizes to unify the whole.
5. Proportion – A visually pleasing relationship of the amount of plant material to the container and the arrangement to the allowed space. Plant material other than roses should not be dominant. The size of an accessory should complement, and should not dominate
6. Scale – The visual size relationship of each part of a design to each other part. Attention should be given to the size of an arrangement to its allowed space. The arrangement must be confined to the allowed space.

The size of an accessory if used should complement and should not dominate.

PERFECTION OF THE ROSES USED: 30 points. The roses in the design should be in peak condition, with good substance and fresh foliage. Other plant materials used in the design should be in good condition.

CREATIVITY AND EXPRESSIVENESS USED IN THE DESIGN: 15 points. The design should demonstrate imaginative and creative handling of materials.

THE DISTINCTION AND UNIQUENESS OF THE DESIGN: 10 points. The design demonstrates superior technical execution and construction. All of the principles design work together effectively as a whole. The design shows marked originality; it is a notch above common for its type. The area around the design should be clean.

RULES and GUIDELINES FOR PHOTOGRAPHY EXHIBITORS

By entering this show, exhibitors agree to abide by these rules.

1. Exhibitors need not be members of any rose society.
2. Entries will be accepted between 7:30 am and 9:30 am on Saturday, June 30, 2018. Space will be available, first come basis. Photography Classification and Placement Committee will place all photographs in the show.
3. All entries in this show must have been photographed by the exhibitor, and must be the work of a single photographer.
4. Each entry must have a securely folded ARS mini-horticulture entry tag completed with Section, Class, Rose Variety and the photographer's name and address. If the variety is unknown to the photographer, "Unknown Variety" should be written in the name space, and the judges may determine if the lack of a name affects the score of the photograph. If judges know the name of the rose(s), please write the name on the back of the entry. Only the upper portion of the entry tag needs to be completed. The entry tag must be attached to the upper left corner of the matted photograph. Proper placement of the entry tag will determine proper orientation of each photograph for judging. The exhibitor may place nothing identifying the photographer on the front of the photograph
5. All roses shown in photography entries must have been grown in an outdoor garden. Photograph exhibits grown by the exhibitor and identified on the entry tag by the designation EG (Exhibitor Grown) are eligible for ARS Gold, Silver, and Bronze Medal Certificates.
6. With the exception of seedlings, rose varieties photographed must be entered under ARS approved exhibition names as listed in any one of the following official ARS publications: Modern Roses 12 (book and database), the Official List of Approved Exhibition Names for Judges & Exhibitors, the Handbook for Selecting Roses, or "Recent Rose Registrations" on the ARS website. In cases where a variety is not listed in any of the above ARS publications, a listing in the Combined Rose List is acceptable.
7. Previous winning photographs defined as first through fourth place in any ARS national or district photography contest, including the ARS Digital Photography Contest, may not be entered in this show.
8. Exhibitors may enter no more than two (2) entries in any one class (only one (1) entry per Challenge Class) and no more than a total of ten (10)

entries (including Challenge Class entries). A photograph may not be entered in more than one class. A photograph entered in more than one class will not be judged in any class.

9. First, Second, Third, and Fourth Place Awards or no award may be awarded in each Class. Multiple first through fourth place awards may be awarded in each Section or Class at the discretion of the Judges.
10. All photographs must be matted and mounted. Outside dimensions of the mat are to be 11" x 14". Orientation may be landscape or portrait. Color of the mat is at the discretion of the exhibitor. Non-matted and non-mounted photographs will not be accepted for either judging or display.
11. Photographs may be no smaller than 5" x 7" and no larger than 8" x 10".
12. Photography Judges and their immediate family members may enter their photographs only in Section H – Judges. Horticulture and Arrangement Judges may enter photographs in any of Sections A thru E. Photography Judges are encouraged to enter at least one photograph in a Judges' Class.
13. Judges may ask the clerk to pick up a photo, if necessary, to adequately view the photo. Under no circumstances is a photo to be turned in such a way as to show the exhibitor's name or any other identifying information.
14. Photography entries shall be disqualified for the following reasons:
 - a) Misnamed or improperly named rose.
 - b) Unlabeled or mislabeled entry.
 - c) Exhibitor name visible.
 - d) Violation of ARS rules or rules specifically governing this show.
15. The Show Committee will exercise due caution in protecting all exhibits, but neither the Denver Rose Society nor the Denver Botanic Gardens will assume any liability in loss or damage to property.
16. The Denver Rose Society, the Rocky Mountain District of the ARS and the Denver Botanic Gardens are not responsible for the loss of personal property or for injury to persons attending the rose show. Liability of all nature is disclaimed.
