Anderson is a Partner of RSAH2O, LLC – an environmental consulting firm with strong emphasis on water issues.

Anderson served for approximately 30 years with the Texas Commission on Environmental Quality. During his State service, he served and participated in substantial multimedia environmental compliance issues having served in various directorship positions to include Assistant to the Deputy Executive Director, Area Director and Watermaster Programs Manager.

Anderson's experience includes strong emphasis in hazardous and municipal waste, remediation, and water management which include permitting and compliance issues. He also has extensive experience with coordination with the U.S. Environmental Protection Agency, U.S. International Boundary and Water Commission, U. S. Fish and Wildlife Service, Texas Department of Agriculture, Texas Railroad Commission, Texas Animal Health Commission and all Texas River Authorities.

Anderson received his bachelor's and master's degrees in biology from Angelo State University.
