A long awaited dream in Shepherd for a public library is about to come true.

A resident of Shepherd, Mrs. Roland Tisinger, who has been working on this project since Christmas announces that the library will open sometime in May.

Shepherd has been in need of a public library for a long time since there is no public library in San Jacinto County. The only libraries in the county are the school libraries. In the summer when children have more time on their hands, Mrs. Tisinger feels is when a library is really needed.

She has worked tirelessly and with much enthusiasm to get the library ready by the time school is out for the summer.

Mrs. Tisinger and the later Mr. Tisinger were former school teachers and since Mr. Tisinger spent much of his time working with children and books, it is Mrs. Tisinger's greatest desire to start the Roland Tisinger Memorial Library.

At present there are approximately 1,000 books in the library and Mrs. Tisinger would like for anyone having books they would like to give to bring them to her home or call her and she will have someone pick them up.

The library at present will be located in a room in her home, but she feels that as it grows, more space will be needed. As things progress, there will be a board of trustees chosen, also a Friends of Library club organized.

All persons interested in this worthwhile project are asked to join and work for the library. Many High School and Elementary students have been helping to get the library opened to the public and it looks like their efforts are paying off.

When open, the books will be free to all to enjoy, but will be run on a business like basis. If a book is overdue there will be a charge of 2 cents per day.

Remember, this is your library and help is needed for mending books, etc.

If you haven't already taken time to visit the Roland Tisinger Memorial Library, we strongly urge you to make plans to attend the Open House Sunday. You will have an opportunity to see the tremendous progress made. You will see the results of neighbors working together on a community project. This newspaper joins with Mrs. Tisinger and a lot more Shepherd people in hoping that this library, quartered in Mrs. Tisinger's home, will some day be a full-fledged library standing on its own. This library is really something of which we can all be proud. Make plans to be there Sunday and, as Mrs. Tisinger prefers, see YOUR library.

Mrs. Tisinger of the Roland Tisinger Memorial Library in Shepherd (the only public library in the County) has sent out a request for folks to save their old newspapers for her. The Library committee plans to save old newspapers, sell them and use the money toward the Library building fund. You know, old newspapers are worth money. No doubt there are several tons of old newspapers worth hundreds of dollars thrown away by residents of Shepherd each year.

You can help your community by saving these old newspapers for the library building fund. Mrs. Tisinger will tell us more later on how the papers will be picked up or where they can be delivered.

Library News

Helping this week at the Roland Tisinger Library was Sandra Carrier, April Abraham and Reggie Richmond. Theresa Thomas of Cleveland, niece of Cedric Cronin, gave the Library "Masters of Deceit" by J. Edgar Hoover in honor of Cedric Cronin's birthday. We think this was a wonderful birthday gift for Mr. Cronin. We think a book donated in someone's name makes a wonderful birthday gift, also would make a wonderful Christmas gift. If there is anyone on your Christmas shopping list that you just can't decide what to get for them, give a book to the library in their name.

To date the following amount of books have been donated to the Library by local people: W.C. Jones Family - 13; Sharon Jones - 9; Cynthia Johnson - 27; Mrs. Blanche Neill - 65; Royce Howard Family - 9; S.D. Shepherd Library News

At a recent meeting of Board of Trustees gratitude was expressed for the diligent work of members of Friends of Library Club and for the support given by folks in adjoining vicinities in effort put forth for the first money raising campaign, the object of which is to start a fund for a library building; no-one can deny that your library rates a modern building to house the many valuable books now in shelves and the ones yet to come - there are many who have expressed the intention of sending more books for you use in library. The need for a more spacious building for all to enjoy and use is necessary; Reading is the key to education and is such a rewarding past-time!!! It is vitally important that our young folks have access to a well-equipped library - No one can possibly doubt this. An invitation has been and is again being given to all who live in adjoining or near by vicinities to use Library; a special invitation is extended to girls and boys who wish to join the Summer Reading Club being sponsored by Texas State Library; the only requirement is that you have a properly filled out application card, signed by parent and that books be returned after two weeks, in good condition. If books are kept longer than two weeks a fine of 2c per day for each book is charged; this money is used to help defray incidental expenses of library.

On request for application cards will be sent to any teacher or other interested person so that they may be ready to use on first visit to library; we shall be happy to send requested number of cards, no charge!!! We are grateful for checks sent from former residents - some have been most generous. There is still time to mail check if you desire to contribute to this most worthy cause. Our Board of Trustees and Officers of Friends of Library Club are a group of consecrated men and women whose foremost thought and interest is for the betterment of all mankind who realize that the value of inspiration and uplifting thoughts that can be derived from good books and the atmosphere of a properly conducted Library is far greater than the material things purchased with money - so any amount contributed to support of library will bless all concerned. Your librarian is most grateful for capable assistants who are willing to keep library open during my absence and may I add my sincere thanks to each and every one who has so lovingly contributed in any way to the development of this Memorial library which will continue to bless many in the years to come.
