

Venison Call In List Starts November 1st!

This year we will be starting our Venison Call-in List on November 1st, 2016. We are doing this to try and find a balance in processing the venison trim we receive, as well as the whole deer processing we continue to build business for. In 2015, we could not process trim we took in as fast as we wanted, and could not return finished product to our clients as quickly as we had hoped. We'd love to avoid that delay by starting the list early.

We remain committed to creating individual batches for all venison that is brought in - so you are assured to get your OWN meat back, but that process is a little more time-consuming. Our hope is that when you are called to bring your venison trim in, that it will be made and picked up within 2 weeks.

Those people who call us in early November will be first on the list, and will be called first! **715-647-2554**

Thanks!

Brandon & Erin
