

The background of the advertisement is a composite image. The top half shows a vast, arid landscape with rolling hills and mountains under a blue sky with scattered clouds. The bottom half of the image is a dark blue gradient that serves as a backdrop for the company name and tagline.

SLURRYGO®

SLURRYGO PUMP CO.,LTD

Mining•Mineral Processing•Industrial Processing Slurry Pumps

Quick view SLURRYGO® pumps range

SGH series

Extra Heavy-Duty
Slurry Pump

*designed for the most
difficult pumping
applications.....*

SGHH series

HighHead HeavyDuty
Slurry Pump

*designed for heavy duty
application required high
head per stage.....*

SGL series

Low to Medium-Duty
Slurry Pump

*designed for large flow at
low to medium head slurry
handling required....*

SGG series

Dredge and Gravel
Slurry Pump

*designed for large particle
slurry delivering and
dredging work.....*

SGV series

Sump and Pit Heavy
Duty Slurry Pump

*designed for slurries
submerged in sumps or
pit handling....*

Pump Spares

Replacement Pump
Spares

*wide range pump spares
for replacement.....*

14/12ST-SGH	-	550TU-SGL	-	-
16/14TU-SGH	-	-	-	-
18/16TU-SGH	-	-	-	-
20/18TU-SGH	-	-	-	-
Also CC,DD,EE,FF type bearing assembly and base are available.				

Note:

- SGH,SGL/SGM,SGV pumps have high chrome alloy and elastomer lined two options.
- SGG upgrate high head pump model is SGGH.
- Model No.3/2C-SGH
3=Suction Size (Inch)
2=Discharge Size (Inch)
C=Base and Bearing Assembly Type
SGH=Pump type

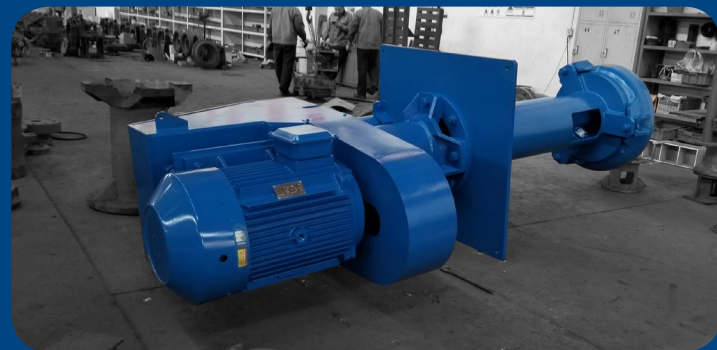

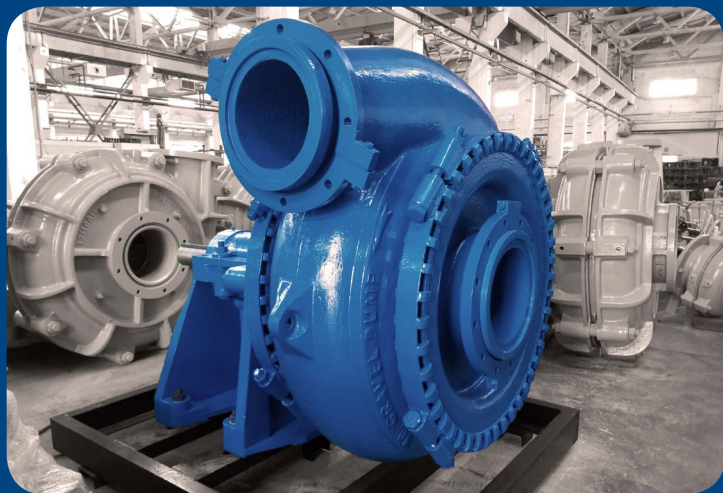

Pump selection and spare parts request:

- Pump performance curves SGH,SGHH,SGL/SGM,SGV,SGG.
 - Unit pump component diagram with outline dimension
 - SLURRYGO parts list
- Please send us email to sales@slurrygo.com for acquire above e-documents

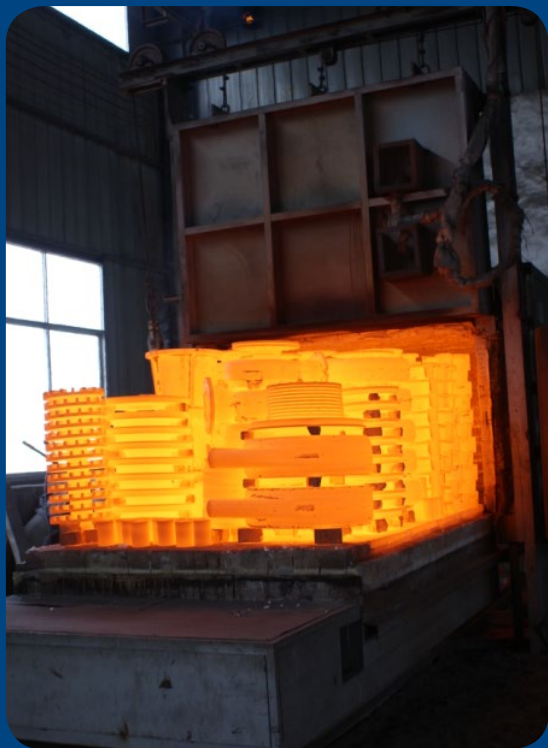

Field Applications:

Heavy Mining – Mineral Processing – Coal Prep – Cyclone Feeds – Aggregate Processing – Fine Primary Mill Grinding – Chemical Slurry Service – Tailings – Secondary Grinding – Industrial Processing – Pulp And Paper – Food Processing – Cracking Operations – Ash Handling – Pipeline Transport – High Velocity Hydraulic Transport – Food Processing – Explosive Sludge In Metal Smelting – River And Pond Dredging – Heavy Refuse Removal – Larger Particle Or Low NPSHA Applications – Continuous (Shore) Sump Pump Operation – Abrasive Slurries – High Density Slurries – Large Particle Slurries – Sump Drainage – Washdown – Floor Drainage – Mixing

SLURRYGO® is a leading provider in the design, manufacture and supply of slurry pumps, spare parts and related products in the mining, quarrying, dredging and other industries. Plant located in Shijiazhuang City, Hebei Province, China. 280km far from Beijing City and 320km distance to China north biggest port Tianjin XINGANG.

SLURRYGO® continually working on the improvement of slurry pump wearing parts and develop versatile ultra-chrome alloy, elastomer, ceramic abrasion resistance, acid proof materials and 30% longer working life than other competitors.

SLURRYGO® slurry pumps range from horizontal centrifugal slurry pump to vertical slurry pumps. heavy duty large flow slurry pumps, high-head slurry pumps. Size from 1 inch to 20 inches.

SLURRYGO® also could manufacture OEM slurry pumps spares which 100% compatible materially and dimensionally with many world famous industrial slurry pumps models.

SLURRYGO® could be one of your source for slurry pumping applications. Superior price, supreme quality and punctual goods delivery time.
