

Hi there! I'm Emma Tarrant and I graduated from the Early Childhood Education program in 2010 from Mohawk College. Since that time I have had the privilege of teaching all the different age groups, from infancy through to grade six! My favourite age is always preschool where you can see their little minds working through our everyday motions. I enjoy guiding children through the beginnings of their lives, and creating a strong foundation to send them off to kindergarten with! I am passionate about the emergent curriculum and allowing children to take safe risks – without learning how to fall, how can we ever learn how to get back up? Children are competent and capable and with encouragement any child can succeed!

When I'm not nurturing future generations at work, I can be found at home with my husband, three year old son and my two dogs. I'm a homebody who loves to take care of anyone and anything! I look forward to caring for your child and becoming a part of your family as you join MacFadyen Preschool Academy.
